NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Business

Pilgrim's Pride Corporation (referred to herein as "Pilgrim's," "PPC," "the Company," "we," "us," "our," or similar terms) is the second-largest chicken company in the world, with operations in the United States ("U.S."), Mexico and Puerto Rico. Pilgrim's products are sold to foodservice, retail and frozen entrée customers. The Company's primary distribution is through retailers, foodservice distributors and restaurants throughout the United States and Puerto Rico and in the northern and central regions of Mexico. Additionally, the Company exports chicken products to approximately 105 countries. Pilgrim's fresh chicken products consist of refrigerated whole chickens, whole cut-up chickens and selected chicken parts that are either marinated or non-marinated. The Company's prepared chicken products include fully cooked, ready-to-cook and individually frozen chicken parts, strips, nuggets and patties, some of which are either breaded or non-breaded and either marinated or non-marinated. As a vertically integrated company, we control every phase of the production of our products. We operate feed mills, hatcheries, processing plants and distribution centers in 12 U.S. states, Puerto Rico and Mexico. Pilgrim's has approximately 38,000 employees and has the capacity to process more than 36 million birds per week for a total of more than 9.5 billion pounds of live chicken annually. Approximately 3,900 contract growers supply poultry for the Company's operations. As of June 24, 2012, JBS USA Holdings, Inc. ("JBS USA") a wholly owned indirect subsidiary of Brazil-based JBS S.A., beneficially owned 75.3% of the Company's outstanding common stock.

Consolidated Financial Statements

The accompanying unaudited consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the U.S. for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X of the U.S. Securities and Exchange Commission ("SEC"). Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the U.S. for complete financial statements. In the opinion of management, all adjustments (consisting of normal and recurring adjustments unless otherwise disclosed) considered necessary for a fair presentation have been included. Operating results for the thirteen and twenty-six weeks ended June 24, 2012 are not necessarily indicative of the results that may be expected for the year ending December 30, 2012. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 25, 2011.

Pilgrim's operates on a 52/53-week fiscal year that ends on the Sunday falling on or before December 31. The reader should assume any reference we make to a particular year (for example, 2012) in the notes to these Condensed Consolidated Financial Statements applies to our fiscal year and not the calendar year.

The Condensed Consolidated Financial Statements include the accounts of the Company and its majority-owned subsidiaries. We eliminate all significant affiliate accounts and transactions upon consolidation.

The Company measures the financial statements of its Mexico subsidiaries as if the U.S. dollar were the functional currency. Accordingly, we remeasure assets and liabilities, other than non-monetary assets, of the Mexico subsidiaries at current exchange rates. We remeasure non-monetary assets using the historical exchange rate in effect on the date of each asset's acquisition. We remeasure income and expenses at average exchange rates in effect during the period. Currency exchange gains or losses are included in the line item *Foreign currency transaction losses (gains)* in the Condensed Consolidated Statements of Operations.

Reclassifications

We have made certain reclassifications to the 2011 Condensed Consolidated Financial Statements with no impact to reported net loss in order to conform to the 2012 presentation.

Reportable Segment

We operate in one reportable business segment, as a producer and seller of chicken products we either produce or purchase for resale.

Revenue Recognition

We recognize revenue when all of the following circumstances are satisfied: (i) persuasive evidence of an arrangement exists, (ii) price is fixed or determinable, (iii) collectability is reasonably assured and (iv) delivery has occurred. Delivery occurs in the period in which the customer takes title and assumes the risks and rewards of ownership of the products specified in the customer's purchase order or sales agreement. Revenue is recorded net of estimated incentive offerings including special pricing agreements, promotions and other volume-based incentives. Revisions to these estimates are charged back to net sales in the period in which the facts that give rise to the revision become known.

Book Overdraft

The majority of the Company's disbursement bank accounts are zero balance accounts where cash needs are funded as checks are presented for payment by the holder. Checks issued pending clearance that result in overdraft balances for accounting purposes are classified as accounts payable and the change in the related balance is reflected in operating activities on the Condensed Consolidated Statements of Cash Flows.

2. EXIT OR DISPOSAL ACTIVITIES

From time to time, the Company will incur costs to implement exit or disposal efforts for specific operations. These exit or disposal plans, each of which is approved by the Company's Board of Directors, focus on various aspects of operations, including closing and consolidating certain processing facilities, rationalizing headcount and aligning operations in the most strategic and cost-efficient structure. Specific exit or disposal efforts that were ongoing during either the thirteen and twenty-six weeks ended June 24, 2012 or the thirteen and twenty-six weeks ended June 26, 2011 included the following:

(a) Significant facilities closed included one processing plant in 2008, two processing plants in 2009, two processing plants in the transition period and one processing plant in 2011. The transition period began September 27, 2009 and ended December 27, 2009 and resulted from the Company's change in its fiscal year end from the Saturday nearest September 30 each year to the last Sunday in December of each year.

(b) Company management implemented certain activities to integrate the administrative functions of the Company into those of JBS USA. These included the closures of administrative offices in Georgia and Texas.

Accrued severance costs are included in *Accrued expenses and other current liabilities* and accrued inventory charges are included in *Inventories* on the accompanying Condensed Consolidated Balance Sheets. The following table sets forth activity that was recorded through the Company's accrued exit or disposal cost accounts during the twenty-six weeks ended June 24, 2012 and June 26, 2011:

Total exit or disposal costs	<u>\$ 389</u>	<u>\$ 2,883</u>	<u>\$ 3,352</u>	<u>\$ 5,189</u>

Certain exit or disposal costs were classified as either *Operational restructuring charges* or *Administrative restructuring charges* on the accompanying Condensed Consolidated Statements of Operations because management believed these costs were not directly related to the Company's ongoing operations. Components of operating restructuring charges and administrative restructuring charges are summarized below:

	Thirteen Weeks Ended		Twenty-Six Weeks Ended	
	June 24, 2012	June 26, 2011	June 24, 2012	June 26, 2011

Total administrative restructuring charges	<u>\$ 389</u>	<u>\$ 850</u>	<u>\$ 3,274</u>	<u>\$ 1,268</u>

We continue to review and evaluate various restructuring and other alternatives to streamline our operations, improve efficiencies and reduce costs. Such initiatives may include selling assets, consolidating operations and functions, employee relocation and voluntary and involuntary employee separation programs. Any such actions may require us to obtain the pre-approval of our lenders under our U.S. Credit Facility (as defined in Note 10 - Long-term Debt and Other Borrowing Arrangements). In addition, such actions will subject the Company to additional short-term costs, which may include asset impairment charges, lease commitment costs, employee retention and severance costs and other costs. Certain of these activities may have a disproportionate impact on our income relative to the cost savings in a particular period.

3. FAIR VALUE MEASUREMENTS

The asset (liability) amounts recorded in the Condensed Consolidated Balance Sheets (carrying amounts) and the estimated fair values of financial instruments at June 24, 2012 and December 25, 2011 consisted of the following:

(a) Commodity derivative assets are included in *Prepaid expenses and other current assets* on the Condensed Consolidated Balance Sheet.

(b) Commodity derivative liabilities are included in *Accrued expenses and other current liabilities* on the Condensed Consolidated Balance Sheet.

(c) The fair values of the Company's long-term debt and other borrowing arrangements were estimated by calculating the net present value of future payments for each debt obligation or borrowing by: (i) using a risk-free rate applicable for an instrument with a life similar to the remaining life of each debt obligation or borrowing plus the current estimated credit risk spread for the Company or (ii) using the quoted market price at June 24, 2012 or December 25, 2011, as applicable.

The carrying amounts of our cash and cash equivalents, derivative trading accounts margin cash, restricted cash and cash equivalents, accounts receivable, accounts payable and certain other liabilities approximate their fair values due to their relatively short maturities. The Company adjusts its investments, commodity derivative assets and commodity derivative liabilities to fair value based on quoted market prices in active markets for identical instruments, quoted market prices in active markets for similar instruments with inputs that are observable for the subject instrument, or unobservable inputs such as discounted cash flow models or valuations.

The Company follows guidance under ASC Topic 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value and required enhanced disclosures about fair value measurements. The guidance under ASC Topic 820 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. ASC Topic 820 also requires disclosure about how fair value was determined for assets and liabilities and established a hierarchy for which these assets and liabilities must be grouped, based on significant levels of inputs as follows:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 Quoted prices in active markets for similar assets and liabilities and inputs that are observable for the asset or liability; or
- Level 3 Unobservable inputs, such as discounted cash flow models or valuations.

The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

As of June 24, 2012, the Company held certain items that are required to be measured at fair value on a recurring basis. These included cash and cash equivalents, derivative assets and liabilities, short-term investments in available-for-sale securities and long-term investments in available-for-sale securities. Cash equivalents consist of short-term, highly liquid, income-producing investments such as money market funds and other funds that have maturities of 90 days or less. Derivative assets and liabilities consist of long and short positions on both exchange-traded commodity futures and commodity options as well as margin cash on account with the Company's derivatives brokers. Short-term investments in available-for-sale securities consist of short-term, highly liquid, income-producing investments such as municipal debt securities that have maturities of greater than 90 days but less than one year. Long-term investments in available-for-sale securities consist of income-producing investments such as municipal debt securities, corporate debt securities, equity securities and fund-of-funds units that have maturities of greater than one year.

The following items were measured at fair value on a recurring basis at June 24, 2012:

	Level 1	Level 2	Level 3	Total
	(In thousands)			
Short-term investments in available-for-sale securities	\$ —	\$ 156	\$ —	\$ 156

Long-term investments in available-for-sale securities	—	474	—	474
Commodity derivative liabilities:				
Futures	(1,353)	—	—	(1,353)

Financial assets and liabilities classified in Level 1 at June 24, 2012 include cash and cash equivalents, restricted cash and cash equivalents, equity securities and commodity futures derivative instruments traded in active markets. The valuation of these instruments is determined using a market approach, taking into account current interest rates, creditworthiness, and liquidity risks in relation to current market conditions, and is based upon unadjusted quoted prices for identical assets in active markets. The valuation of financial assets and liabilities in Level 2 is determined using a market approach based upon quoted prices for similar assets and liabilities in active markets or other inputs that are observable for substantially the full term of the financial instrument. Level 2 securities primarily include fixed income securities and commodity option derivative instruments. The valuation of financial assets in Level 3 is determined using an income approach based on unobservable inputs such as discounted cash flow models or valuations.

The following table presents activity for the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively, related to the Company's investment in a fund-of-funds asset that is measured at fair value on a recurring basis using Level 3 inputs:

	Twenty-Six Weeks Ended

Balance at beginning of period	\$ 59	\$ 1,190

In addition to assets and liabilities that are recorded at fair value on a recurring basis, the Company records certain assets and liabilities at fair value on a nonrecurring basis. Generally, assets are recorded at fair value on a nonrecurring basis as a result of impairment charges when required by U.S. GAAP. Certain long-lived assets held for sale with a carrying amount of \$2.0 million were written down to their fair value of \$0.7 million, resulting in a loss of \$1.3 million recorded in earnings during the twenty-six weeks ended June 24, 2012. These assets are classified as Level 2 assets because their fair value can be corroborated based on observable market data.

We recognize investments in available-for-sale securities as cash equivalents, current investments or long-term investments depending upon each security's length to maturity. Additionally, those securities identified by management at the time of purchase for funding operations in less than one year are classified as current. The following table summarizes our investments in available-for-sale securities:

The Company and certain retirement plans that it sponsors invest in a variety of financial instruments. Certain postretirement funds in which the Company participates hold significant amounts of mortgage-backed securities. However, none of the mortgages collateralizing these securities are considered subprime.

Certain investments are held in trust as compensating balance arrangements for our insurance liability and are classified as long-term based on a maturity date greater than one year from the balance sheet date and management's intention not to use such assets in the next year.

7. DERIVATIVE FINANCIAL INSTRUMENTS

The Company utilizes various raw materials in its operations, including corn, soybean meal, soybean oil, sorghum and energy, such as natural gas, electricity and diesel fuel, which are all considered commodities. The Company considers these raw materials generally available from a number of different sources and believes it can obtain them to meet its requirements. These commodities are subject to price fluctuations and related price risk due to factors beyond our control, such as economic and political conditions, supply and demand, weather, governmental regulation and other circumstances. Generally, the Company purchases derivative financial instruments, specifically exchange-traded futures and options, in an attempt to mitigate price risk related to its anticipated consumption of commodity inputs for the next 12 months. The Company may purchase longer-term derivative financial instruments on particular commodities if deemed appropriate. The fair value of derivative assets is included in the line item *Prepaid expenses and other current assets* on the Condensed Consolidated Balance Sheets while the fair value of derivative liabilities is included in the line item *Accrued expenses and other current liabilities* on the same statements. Our counterparties require that we post cash collateral for changes in the net fair value of the derivative contracts.

We have not designated the derivative financial instruments that we have purchased to mitigate commodity purchase exposures as cash flow hedges. Therefore, we recognized changes in the fair value of these derivative financial instruments immediately in earnings. Gains or losses related to these derivative financial instruments are included in the line item *Cost of sales* in the Condensed Consolidated Statements of Operations. The Company recognized net gains of \$2.4 million and net losses of \$5.7 million related to changes in the fair value of its derivative financial instruments during the thirteen weeks ended June 24, 2012 and June 26, 2011, respectively. We also recognized net losses of \$2.2 million and net gains of \$26.3 million related to changes in the fair value of our derivative financial instruments during the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively.

- (a) Derivatives coverage is the percent of anticipated corn and soybean meal needs covered by outstanding derivative instruments through a specified date. As of June 24, 2012, the Company's open short derivative positions for corn exceeded its long derivative positions. The Company will sometimes purchase short derivative instruments to offset negative price exposure on future fixed cash purchases. These positions expire by June 2013.
- (b) A written put option is an option that the Company has sold that grants the holder the right, but not the obligation, to sell the underlying asset at a certain price for a specified period of time. When the Company takes a short position on a futures derivative instrument, it agrees to sell the underlying asset in the future at a price established on the contract date. The Company writes put options and takes short positions on futures derivative instruments to minimize the impact of feed ingredients price volatility on its operating results.

The Company recognized depreciation expense of \$32.3 million and \$48.2 million during the thirteen weeks ended June 24, 2012 and June 26, 2011, respectively. We also recognized depreciation expense of \$64.2 million and \$95.1 million during the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively.

During the thirteen and twenty-six weeks ended June 24, 2012, the Company sold certain PP&E for cash of \$9.4 million and \$12.5 million, respectively, and recognized net gains on these sales of \$0.3 million and net losses of \$0.6 million, respectively. PP&E sold in 2012 included a vacant office building in Texas, an idled processing plant in Georgia, idled hatcheries in Alabama and Georgia, an idled distribution center in Louisiana, various broiler and breeder farms in Texas, both developed and undeveloped land in Texas and miscellaneous processing equipment. During the thirteen and twenty-six weeks ended June 26, 2011, the Company sold certain PP&E for cash of \$0.5 million and \$4.9 million, respectively, and recognized net losses of \$0.8 million and net gains of \$0.3 million, respectively, on these sales. PP&E sold in 2011 included an idled feed mill in Georgia, various broiler and breeder farms in Texas, undeveloped land in Texas and miscellaneous processing equipment.

Management has committed to the sale of certain properties and related assets, including, but not limited to, processing plants, office buildings and farms, which no longer fit into the operating plans of the Company. The Company is actively marketing these properties and related assets for immediate sale and believes a sale of each property can be consummated within the next 12 months. At June 24, 2012 and December 25, 2011, the Company reported properties and related assets totaling \$44.7 million and \$53.8 million, respectively, in *Assets held for sale* on its Condensed Consolidated Balance Sheets. For the twenty-six weeks ended June 24, 2012, the Company recognized impairment expense of \$1.3 million on certain of these assets. The Company did not recognize any impairment expense for the thirteen weeks ended June 24, 2012.

On July 17, 2012, the Company reached an agreement to sell its commercial egg operations, which have been classified as held for sale since December 2011, to Cal-Maine Foods, Inc. The Company expects to close the transaction in August 2012.

As part of the exit or disposal activities discussed in "Note 2. Exit or Disposal Activities," the Company closed or idled various processing complexes, processing plants, hatcheries and broiler farms throughout the U.S. Neither the Board of Directors nor JBS USA has determined if it would be in the best interest of the Company to divest any of these idled assets. Management is therefore not certain that it can or will divest any of these assets within one year, is not actively marketing these assets and, accordingly, has not classified them as assets held for sale. The Company continues to depreciate these assets. At June 24, 2012, the carrying amount of these idled assets was \$61.0 million based on depreciable value of \$151.5 million and accumulated depreciation of \$90.5 million.

The Company last tested the recoverability of its long-lived assets held and used in December 2011. At that time, the Company determined that the carrying amount of its long-lived assets held and used was recoverable over the remaining life of the primary asset in the group and that long-lived assets held and used passed the Step 1 recoverability test under ASC 360-10-35, *Impairment or Disposal of Long-Lived Assets*. There were no indicators present during the twenty-six weeks ended June 24, 2012 that required the Company to test its long-lived assets held and used for recoverability.

Senior and Subordinated Notes

At June 24, 2012, the Company had an aggregate principal balance of \$500.0 million of 7⁷/₈% Senior Notes due 2018 (the "2018 Notes") outstanding that are registered under the Securities Act of 1933. The 2018 Notes are unsecured obligations of the Company and are guaranteed by one of the Company's subsidiaries. Interest is payable on December 15 and June 15 of each year, commencing on June 15, 2011. Additionally, the Company had an aggregate principal balance of \$3.9 million of 7⁵/₈% senior unsecured notes, 8³/₈% senior subordinated unsecured notes and 9¹/₄% senior unsecured notes outstanding at June 24, 2012.

On June 23, 2011, the Company entered into a Subordinated Loan Agreement with JBS USA (the "Subordinated Loan Agreement"), which provided an aggregate commitment of \$100.0 million. On June 23, 2011, JBS USA made a term loan to the Company in the principal amount of \$50.0 million. Pursuant to the terms of the Subordinated Loan Agreement, the Company has also agreed to reimburse JBS USA up to \$56.5 million for potential draws upon letters of credit issued on JBS USA's account that support certain obligations of the Company or its subsidiaries. On December 16, 2011, the Company and JBS USA executed an amendment to the Subordinated Loan Agreement that, among other things, provided that if the Company consummated a stock rights offering (the "Rights Offering") that allowed stockholders of record as of January 17, 2012 to purchase an aggregate 44,444,444 shares of the Company's common stock on or before March 24, 2012, the loan commitment under the Subordinated Loan Agreement would be terminated. The Company consummated the Rights Offering on February 29, 2012. Further, under the U.S. Credit Facility (as defined below), following the consummation of the Rights Offering, (i) the Company, at its option, was permitted to prepay the outstanding \$50.0 million term loan under the Subordinated Loan Agreement and (ii) the existing commitment of JBS USA to make an additional \$50.0 million term loan to the Company under the Subordinated Loan Agreement would be terminated. On March 7, 2012, the Company repaid the outstanding \$50.0 million term loan under the Subordinated Loan Agreement, plus accrued interest, with proceeds received from the Rights Offering and the remaining commitment to make loans under the Subordinated Loan Agreement was terminated.

JBS USA agreed to arrange for letters of credit to be issued on its account in the amount of \$56.5 million to an insurance company serving the Company in order to allow that insurance company to return cash it held as collateral against potential workers compensation, auto and general liability claims. In return for providing this letter of credit, the Company reimburses JBS USA for the letter of credit costs the Company would otherwise incur under its U.S. Credit Facility. In the thirteen weeks ended June 24, 2012, the Company reimbursed JBS USA \$1.4 million for letter of credit costs incurred from November 2011 through May 2012. As of June 24, 2012, the Company has accrued an obligation of \$0.2 million to reimburse JBS USA for letter of credit costs incurred on its behalf.

U.S. Credit Facility

Pilgrim's and certain of its subsidiaries have entered into a credit agreement (the "U.S. Credit Facility") with CoBank ACB, as administrative agent and collateral agent, and other lenders party thereto, which currently provides a \$700.0 million revolving credit facility and a Term B facility. The U.S. Credit Facility also includes an accordion feature that allows us, at any time, to increase the aggregate revolving loan commitment by up to an additional \$100.0 million and to increase the aggregate Term B loans commitment by up to an additional \$400.0 million, in each case subject to the satisfaction of certain conditions, including obtaining the lenders' agreement to participate in the increase and an aggregate cap on all commitments under the U.S. Credit Facility of \$1.85 billion. On April 22, 2011, we increased the amount of the sub-limit for swingline loans under the U.S. Credit Facility to \$100.0 million. The revolving loan commitment and the Term B loans will mature on December 28, 2014.

On December 28, 2009, the Company paid loan costs totaling \$50.0 million related to the U.S. Credit Facility that it recognized as an asset on its balance sheet. The Company amortizes these capitalized costs to interest expense over the life of the U.S. Credit Facility.

Subsequent to the end of each fiscal year, a portion of our cash flow must be used to repay outstanding principal amounts under the Term B loans. In April 2011, the Company paid approximately \$46.3 million of its excess cash flow toward the outstanding principal under the Term B loans. After giving effect to this prepayment and other prepayments of the Term B loans, the Term B loans must be repaid in 16 quarterly installments of approximately \$3.9 million beginning on April 15, 2011, with the final installment due on December 28, 2014. The Company did not have excess cash flow from 2011 to be applied toward the outstanding principal under the Term B loans. The U.S. Credit Facility also requires us to use the proceeds we receive from certain asset sales and specified debt or equity issuances and upon the occurrence of other events to repay outstanding borrowings under the U.S. Credit Facility. The cash proceeds received by the Company from the Rights Offering were not subject to this requirement. On June 24, 2012, a principal amount of \$566.8 million under the Term B loans commitment was outstanding.

Actual borrowings by the Company under the revolving credit commitment component of the U.S. Credit Facility are subject to a borrowing base, which is a formula based on certain eligible inventory, eligible receivables and restricted cash under the control of CoBank ACB. As of June 24, 2012, the applicable borrowing base was \$676.9 million, the amount available for borrowing under the revolving loan commitment was \$476.2 million and outstanding borrowings and letters of credit under the revolving loan commitment were \$161.5 million and \$39.2 million, respectively.

The U.S. Credit Facility contains financial covenants and various other covenants that may adversely affect our ability to, among other things, incur additional indebtedness, incur liens, pay dividends or make certain restricted payments, consummate certain assets sales, enter into certain transactions with JBS USA and our other affiliates, merge, consolidate and/or sell or dispose of all or substantially all of our assets. On June 23, 2011 and December 16, 2011, the Company entered into amendments to the U.S. Credit Facility, which, among other things, (i) temporarily suspended the requirement for the Company to comply with the fixed charge coverage ratio and senior secured leverage ratio financial covenants until the quarter ended December 30, 2012, (ii) modified the fixed charge coverage ratio financial covenant so that when the requirement to comply with this covenant resumes in the quarter ended December 30, 2012, the Company can calculate the fixed charge coverage ratio based upon a specified number of fiscal quarters selected by the Company, (iii) reduced the minimum allowable consolidated tangible net worth to the sum of \$450 million plus 50% of the cumulative net income (excluding any losses) of the Company from December 16, 2011 through such date of calculation and (iv) increased the maximum allowable senior secured leverage ratio, determined for any period of four consecutive fiscal quarters ending on the last day of each fiscal quarter, to be no greater than 4.00:1.00 for periods calculated from September 24, 2012 and thereafter. The Company is currently in compliance with the modified consolidated tangible net worth covenant. The Company also expects to be in compliance with the modified fixed charge coverage ratio and senior secured leverage ratio financial covenants when the requirement to comply with this covenant resumes in the quarter ended December 30, 2012.

All obligations under the U.S. Credit Facility are unconditionally guaranteed by certain of the Company's subsidiaries and are secured by a first priority lien on (i) the accounts receivable and inventories of the Company and its non-Mexico subsidiaries, (ii) 65% of the equity interests in the Company's direct foreign subsidiaries and 100% of the equity interests in the Company's other subsidiaries and (iii) substantially all of the personal property and intangibles of the borrowers and guarantors under the U.S. Credit Facility and (iv) substantially all of the real estate and fixed assets of the Company and the guarantor subsidiaries under the U.S. Credit Facility.

Mexico Credit Facility

On October 19, 2011, Avícola Pilgrim's Pride de México, S.A. de C.V. , Pilgrim's Pride S. de R.L. de C.V. and certain Mexican subsidiaries entered into an amended and restated credit agreement (the "Mexico Credit Facility") with ING Bank (México), S.A. Institución de Banca Múltiple, ING Grupo Financiero, as lender and ING Capital LLC, as administrative agent. The Mexico Credit Facility has a final maturity date of September 25, 2014. The Mexico Credit Facility is secured by substantially all of the assets of the Company's Mexico subsidiaries. As of June 24, 2012, the U.S. dollar-equivalent of the loan commitment under the Mexico Credit Facility was \$40.2 million. There were no outstanding borrowings under the Mexico Credit Facility at June 24, 2012.

11. INCOME TAXES

The Company recorded an income tax benefit of \$1.7 million, a (1.6)% effective tax rate, for the twenty-six weeks ended June 24, 2012, compared to an income tax benefit of \$6.4 million, a 2.5% effective tax rate, for the twenty-six weeks ended June 26, 2011. The income tax benefit recognized for the twenty-six weeks ended June 24, 2012 was primarily the result of a decrease in reserves for unrecognized tax benefits and a decrease in valuation allowance as a result of earnings in the current period, offset by the tax expense recorded on the Company's year-to-date income.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities (including the impact of available carry back and carry forward periods), projected future taxable income and tax-planning strategies in making this assessment. As of June 24, 2012, the Company does not believe it has sufficient positive evidence to conclude that realization of its federal, state and foreign net deferred tax assets is more likely than not to be realized.

For the twenty-six weeks ended June 24, 2012 and June 26, 2011, there is no tax effect reflected in other comprehensive loss because the Company has a valuation allowance.

With few exceptions, the Company is no longer subject to U.S. federal, state or local income tax examinations for years prior to 2003 and is no longer subject to Mexico income tax examinations for years prior to 2006. The Company continues to be under examination for Gold Kist and its subsidiaries for the tax years ended June 30, 2004 through December 27, 2006. The Company is currently working with the Internal Revenue Service ("IRS") through the normal processes and procedures that are available to all taxpayers outside of bankruptcy to resolve the IRS' proofs of claim. There has been no significant change in the resolution of the IRS' claim since December 25, 2011. See "Note 15. Commitments and Contingencies" for additional information.

12. PENSION AND OTHER POSTRETIREMENT BENEFITS

The Company sponsors programs that provide retirement benefits to most of its employees. These programs include qualified defined benefit pension plans, nonqualified defined benefit retirement plans, a defined benefit postretirement life insurance plan, defined contribution retirement savings plans and deferred compensation plans. Under all of our retirement plans, the Company's expenses were \$2.4 million and \$3.0 million in the thirteen weeks ended June 24, 2012 and June 26, 2011, respectively, and \$4.6 million and \$5.3 million in the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively.

The following table provides the components of net periodic benefit cost for the defined benefit plans mentioned above:

	Thirteen Weeks Ended				Twenty-Six Weeks Ended			
	June 24, 2012		June 26, 2011		June 24, 2012		June 26, 2011

Net periodic benefit cost	\$ 1,021	\$ 22	\$ 620	\$ 30	\$ 2,042	\$ 46	\$ 1,310	\$ 64

During the thirteen and twenty-six weeks ended June 24, 2012, the Company contributed \$2.8 million and \$4.4 million to its defined benefit plans, respectively.

Beginning in the current year, the Company began rereasuring both plan assets and obligations on a quarterly basis.

13. STOCKHOLDERS' EQUITY

Rights Offering

In January 2012, Pilgrim's commenced the Rights Offering for stockholders of record as of January 17, 2012 (the "Record Date"). The basic subscription privilege gave stockholders the option to purchase 0.2072 shares of Pilgrim's common stock, rounded up to the next largest whole number, at a subscription price of \$4.50 per share for each share of Pilgrim's common stock they owned as of the Record Date. The multiplier was determined by dividing the 44,444,444 shares being offered in the Rights Offering by the total number of shares owned by all stockholders on the Record Date. Those stockholders that exercised their basic subscription privilege in full also received an over-subscription privilege that afforded them the opportunity to purchase additional shares at the subscription price of \$4.50 per share from a pool of the shares left over had all stockholders not elected to exercise their basic subscription privileges in full. JBS USA committed to participate in the Rights Offering and exercise its basic and over-subscription privileges in full. The last day a stockholder could exercise either their basic subscription rights or their over-subscription rights was February 29, 2012. On March 7, 2012, the Company issued 44,444,444 shares of common stock to stockholders that exercised their basic subscription privileges and over-subscription privileges under the Rights Offering. Gross proceeds received under the Rights Offering totaled \$200.0 million. The Company incurred costs directly attributable to the Rights Offering of \$1.7 million that it deferred and charged against the proceeds of the Rights Offering in *Additional Paid-in Capital* on the Condensed Consolidated Balance Sheet. The Company used the net proceeds of \$198.3 million for additional working capital to improve its capital position and for general corporate purposes. Pilgrim's also used a portion of the net proceeds to repay the outstanding principal amount of \$50.0 million, plus accrued interest, of its subordinated debt owed to JBS USA and to repay indebtedness under the U.S. Credit Facility.

The Rights Offering contained a subscription price that was less than the fair value of the Company's common stock on the last day the rights could be exercised. This price discount is considered a bonus element similar to a stock dividend. Because of this bonus element, the Company adjusted both the weighted average basic and diluted shares outstanding as reported in the Quarterly Report on Form 10-Q filed with the SEC on April 29, 2011 by multiplying those weighted average shares by an adjustment factor that represented the \$6.40 fair value of a share of the Company's common stock immediately prior to the exercise of the basic and over-subscription privileges under the Rights Offering divided by the \$6.07 theoretical ex-rights fair value of a share of the Company's common stock immediately prior to the exercise of the basic and over-subscription privileges under the Rights Offering. Weighted average basic and diluted shares outstanding and net loss per weighted average basic and diluted share for the thirteen and twenty-six weeks ended June 26, 2011 as originally reported and as adjusted for this bonus element were as follows:

	As Originally Reported	As Adjusted	Effect of Change
(In thousands, except per share data)			
Thirteen weeks ended June 26, 2011:			
Weighted average basic shares outstanding	214,282	224,996	10,714

Share-Based Compensation

The Company granted 200,000 restricted shares of its common stock to William W. Lovette, the Company's Chief Executive Officer, effective January 14, 2011 in connection with the employment agreement with Mr. Lovette. Restrictions on fifty percent of these shares will lapse on January 3, 2013 and restrictions on the remaining shares will lapse on January 3, 2014, subject to Mr. Lovette's continued employment with the Company through the applicable vesting date. The \$1.4 million fair value of the shares as of the grant date was determined by multiplying the number of shares granted by the closing market price of the Company's common stock on the grant date. Assuming no forfeiture of shares, the Company will recognize share-based compensation expense of \$0.7 million ratably from January 14, 2011 to January 3, 2013. The Company will also recognize share-based compensation expense of \$0.7 million ratably from January 14, 2011 to January 3, 2014. The Company recognized share-based compensation expense totaling \$0.2 million during both the thirteen weeks ended June 24, 2012 and June 26, 2011 and share-based compensation expense totaling \$0.3 million during both the twenty-six weeks ended June 24, 2012 and June 26, 2011.

Anti-dilutive Common Stock Equivalents

Due to the net loss incurred in the thirteen and twenty-six weeks ended June 26, 2011, the Company did not include 8,157 and 11,591 common stock equivalents, respectively, in the calculations of the denominators used for net loss per weighted average diluted common share outstanding as these common stock equivalents would be anti-dilutive.

Restrictions on Retained Earnings

The U.S. Credit Facility prohibits us from paying dividends on the common stock of the Company. Further, the indenture governing the 2018 Notes restricts, but does not prohibit, the Company from declaring dividends.

14. RELATED PARTY TRANSACTIONS

Pilgrim's has been and, in some cases, continues to be a party to certain transactions with affiliated persons and our current and former directors and executive officers. Company management has analyzed the terms of all contracts executed with related parties and believes that they are substantially similar to, and contain terms no less favorable to us than, those obtainable from unaffiliated parties.

On December 28, 2009, JBS USA became the holder of the majority of the common stock of the Company. Until March 26, 2012, Lonnie A. "Bo" Pilgrim and certain entities related to Mr. Pilgrim collectively owned the second-largest block of our common stock. On March 12, 2012, Mr. Pilgrim (the "Founder Director") resigned as a director of Pilgrim's. On March 26, 2012, Mr. Pilgrim and certain entities related to Mr. Pilgrim sold 18,924,438 shares of our common stock to JBS USA. This transaction increased JBS USA's beneficial ownership to 75.3% of the total outstanding shares of our common stock.

Transactions with JBS USA, a JBS USA subsidiary and the former Founder Director recognized in the Condensed Consolidated Statements of Operations are summarized below:

- (a) On June 23, 2011, we executed a subordinated loan agreement with JBS USA that provided an aggregate loan commitment of \$100.0 million and immediately borrowed \$50.0 million under the resulting facility at an interest rate of 9.845% per annum. On March 7, 2012, we repaid the outstanding \$50.0 million loan, along with \$3.5 million accrued interest, and terminated the loan commitment under the agreement.
- (b) Beginning on October 26, 2011, JBS USA arranged for letters of credit to be issued on its account in the amount of \$56.5 million to an insurance company on our behalf in order to allow that insurance company to return cash it held as collateral against potential liability claims. We agreed to reimburse JBS USA up to \$56.5 million for potential draws upon these letters of credit. We reimburse JBS USA for the letter of credit costs we would have otherwise incurred under our credit facilities. During 2012, we have paid JBS USA \$1.4 million for letter of credit costs. At June 24, 2012, the outstanding payable to JBS USA for letter of credit costs was \$0.2 million.
- (c) We routinely execute transactions to both purchase products from JBS USA, LLC and sell products to them. As of June 24, 2012 and December 25, 2011, the outstanding payable to JBS USA, LLC was \$6.7 million and \$11.7 million, respectively. As of June 24, 2012 and December 25, 2011, the outstanding receivable from JBS USA, LLC was \$24.9 million and \$21.2 million, respectively. As of June 24, 2012, approximately \$1.9 million of goods from JBS USA, LLC were in transit and not reflected on our Condensed Consolidated Balance Sheet.
- (d) On January 19, 2010, we executed an agreement with JBS USA, LLC in order to allocate costs associated with the procurement of SAP licenses and maintenance services by JBS USA, LLC for the combined companies. Under this agreement, the fees associated with procuring SAP licenses and maintenance services are allocated between us and JBS USA, LLC in proportion to the percentage of licenses used by each company. The agreement expires on the date of expiration, or earlier termination, of each underlying SAP license agreement. During 2012, we have paid JBS USA \$0.6 million for the procurement of such licenses and services. On May 5, 2010, we executed an agreement with JBS USA, LLC in order to allocate the costs of supporting the business operations through one consolidated corporate team. Expenditures paid by JBS USA, LLC on our behalf are reimbursed by us and expenditures paid by us on behalf of JBS USA, LLC are reimbursed by JBS USA, LLC. This agreement expires on May 5, 2015. During 2012, we have paid JBS USA, LLC \$14.4 million for net expenditures paid by JBS USA, LLC on our behalf. At June 24, 2012, the outstanding net payable to JBS USA resulting from affiliate trade, procurement of SAP licenses and maintenance services and support of the business operations through one consolidated corporate team was \$5.4 million.
- (e) On December 28, 2009, we executed a consulting agreement with the former Founder Director. The terms of the agreement on that date included, among other things, that the former Founder Director (i) will provide services to us that are comparable in the aggregate with the services provided by him to us prior to December 28, 2009, (ii) will be appointed to our Board of Directors and, during the term of the agreement, will be nominated for subsequent terms on the Board, (iii) will be compensated for services rendered to us at a rate of \$1.5 million per annum for a term of five years, (iv) will be subject to customary non-solicitation and non-competition provisions and (v) will be, along with his spouse, provided with medical benefits (or will be compensated for medical coverage) that are comparable in the aggregate to the medical benefits afforded to our employees. As a result of his resignation as Founder Director, we are no longer required to nominate the Former Director to serve subsequent terms on the Board. During 2012, we have paid \$0.4 million to the former Founder Director under this agreement.
- (f) We have executed various grower contracts with the former Founder Director that provide for the placement of our flocks on farms owned by the former Founder Director during the grow-out phase of production. These contracts include terms that are substantially identical to those included in contracts executed by us with unaffiliated parties. The former Founder Director can terminate the contracts upon completion of the grow-out phase for each flock. We can terminate the contracts within a specified period of time pursuant to regulations by the Grain Inspection, Packers and Stockyards Administration of the U.S. Department of Agriculture. During 2012, we have paid \$0.3 million to the former Founder Director under these contracts.

On March 2, 2011, the Company agreed to purchase the home of Bill Lovette, our Chief Executive Officer, in Arkansas on reasonable and customary commercial terms and at a purchase price not to exceed approximately \$2.1 million. Consequently, Mr. Lovette transferred all of the rights and the Company assumed all obligations relative to the property for a purchase price of \$2.1 million. His home has not yet been resold. The Company will be responsible for commissions and closing costs on the resale of the home.

The Company executed a brand license agreement on June 19, 2012 under which it has granted to JBS Aves Ltda. a license to use the Company's name, trademark and various other intellectual property and materials in connection with certain of their poultry products. The license fee will be calculated based on metric tons of poultry product sold by JBS Aves Ltda. bearing the Company's name and trademark. The Company did not recognize any income under the license agreement during the thirteen weeks ended June 24, 2012.

15. COMMITMENTS AND CONTINGENCIES

We are a party to many routine contracts in which we provide general indemnities in the normal course of business to third parties for various risks. Among other considerations, we have not recorded a liability for any of these indemnities as based upon the likelihood of payment, the fair value of such indemnities would not have a material impact on our financial condition, results of operations and cash flows.

The Company is subject to various legal proceedings and claims which arise in the ordinary course of business. In the Company's opinion, it has made appropriate and adequate accruals for claims where necessary; however, the ultimate liability for these matters is uncertain, and if significantly different than the amounts accrued, the ultimate outcome could have a material effect on the financial condition or results of operations of the Company. For a discussion of the material legal proceedings and claims, see Part II, Item 1. "Legal Proceedings." Below is a summary of some of these material proceedings and claims. The Company believes it has substantial defenses to the claims made and intends to vigorously defend these cases.

On December 1, 2008, Pilgrim's and six of its subsidiaries filed voluntary petitions for relief under Chapter 11 of the Bankruptcy Code in the Bankruptcy Court for the Northern District of Texas, Fort Worth Division. The cases were jointly administered under Case No. 08-45664. The Company emerged from Chapter 11 on December 28, 2009. The Company is the named defendant in several pre-petition lawsuits that, as of June 24, 2012, have not been resolved. Among the claims presently pending are claims brought against certain current and former directors, executive officers and employees of the Company, the Pilgrim's Pride Administrative Committee and the Pilgrim's Pride Pension Committee seeking unspecified damages under section 502 of the Employee Retirement Income Security Act of 1974 ("ERISA"), 29 U.S.C. § 1132. These claims were brought by individual participants in the Pilgrim's Pride Retirement Savings Plan, individually and on behalf of a putative class, alleging that the defendants breached fiduciary duties to plan participants and beneficiaries or otherwise violated ERISA. Although the Company is not a named defendant in these claims, our bylaws require us to indemnify our current and former directors and officers from any liabilities and expenses incurred by them in connection with actions they took in good faith while serving as an officer or director. In these actions the plaintiffs assert claims in excess of \$35.0 million. The likelihood of an unfavorable outcome or the amount or range of any possible loss to the Company cannot be determined at this time.

Other claims presently pending against the Company are claims seeking unspecified damages brought by current or former contract chicken growers who allege, along with other assertions, that the Company breached grower contracts and made false representations to induce the plaintiffs into building chicken farms and entering into chicken growing agreements with the Company. In the case styled Shelia Adams, et al. v. Pilgrim's Pride Corporation, on September 30, 2011, the trial court issued its findings of fact and conclusions of law stating that the Company violated section 192(e) of the Packers and Stockyards Act of 1921 by purportedly attempting to manipulate the price of chicken by idling the El Dorado, Arkansas complex and rejecting the El Dorado growers' contracts. The trial court awarded damages in the amount of \$25.8 million. Afterward, the Company filed post-judgment motions attacking the trial court's findings of fact and conclusions of law, which, on December 28, 2011, were granted in part and resulted in a reduction of the damages award from \$25.8 million to \$25.6 million. On January 19, 2012, the Company appealed the findings of fact and conclusions of law and decision concerning the post-judgment motions to the United States Fifth Circuit Court of Appeals. The Company intends to vigorously pursue its appellate rights and defend against the underlying judgment. While the outstanding judgment is reasonably possible, the Company has recorded an estimated probable loss that is less than the outstanding judgment. The remaining growers' claims are now scheduled to be tried in the summer and fall of 2012. The Company intends to vigorously defend against these claims. Although the likelihood of financial loss related to the remaining growers' claims is reasonably possible, an estimate of potential loss cannot be determined at this time because of now conflicting legal authority, the factual nature of the various growers' individual claims, and a new judge who will preside over the remaining bench trials. There can be no assurances that other similar claims may not be brought against the Company.

The IRS has filed an amended proof of claim in the Bankruptcy Court pursuant to which the IRS asserts claims that total \$74.7 million. We have filed in the Bankruptcy Court (i) an objection to the IRS' amended proof of claim, and (ii) a motion requesting the Bankruptcy Court to determine our U.S. federal tax liability pursuant to Sections 105 and 505 of the Bankruptcy Code. The objection and motion assert that the Company has no liability for the additional U.S. federal taxes that have been asserted for pre-petition periods by the IRS. The IRS has responded in opposition to our objection and motion. On July 8, 2010, the Bankruptcy Court granted our unopposed motion requesting that the Bankruptcy Court abstain from determining our federal tax liability. As a result, we intend to work with the IRS through the normal processes and procedures that are available to all taxpayers outside of bankruptcy (including the United States Tax Court ("Tax Court") proceedings discussed below) to resolve the IRS' amended proof of claim.

In connection with the amended proof of claim, on May 26, 2010, we filed a petition in Tax Court in response to a Notice of Deficiency that was issued to the Company as the successor in interest to Gold Kist. The Notice of Deficiency and the Tax Court proceeding relate to a loss that Gold Kist claimed for its tax year ended June 30, 2004. The matter is currently in litigation before the Tax Court.

On August 10, 2010, we filed two petitions in Tax Court. The first petition relates to three Notices of Deficiency that were issued to us with respect to our 2003, 2005 and 2007 tax years. The second petition relates to a Notice of Deficiency that was issued to us with respect to Gold Kist's tax year ended June 30, 2005 and its short tax year ended September 30, 2005. Both cases are currently in litigation before the Tax Court.

We express no opinion as to the likelihood of an unfavorable outcome or the amount or range of any possible loss to us related to the above Tax Court cases. If adversely determined, the outcome could have a material effect on the Company's operating results and financial position.

The Notices of Deficiency and the Tax Court proceedings discussed above cover the same tax years and the same amounts that were asserted by the IRS in its \$74.7 million amended proof of claim that was filed in the Bankruptcy Court.

Among the other claims that were pending against the Company were two identical claims seeking unspecified damages, each brought by a stockholder, individually and on behalf of a putative class, alleging violations of certain antifraud provisions of the Securities Exchange Act of 1934. The court consolidated these cases into one matter. The parties reached an agreement to settle this matter for \$1.5 million, which the court approved on May 2, 2012. The case has been dismissed with prejudice in accordance with the terms of the settlement agreement.

16. SUPPLEMENTAL GUARANTOR FINANCIAL INFORMATION

On December 15, 2010, the Company closed on the sale of \$500.0 million of 7 7/8% Senior Notes due 2018 (the "2018 Notes"). The 2018 Notes are unsecured obligations of the Company and are fully and unconditionally guaranteed on a senior unsecured basis by Pilgrim's Pride Corporation of West Virginia, Inc., a wholly owned subsidiary of the Company (the "Guarantor"). In accordance with Rule 3-10 of Regulation S-X promulgated under the Securities Act of 1933, the following condensed consolidating financial statements present the financial position, results of operations and cash flows of the Company (referred to as "Parent" for the purpose of this note only) on a Parent-only basis, the Guarantor on a Guarantor-only basis, the combined non-Guarantor subsidiaries and elimination entries necessary to arrive at the information for the Parent, the Guarantor and non-Guarantor subsidiaries on a consolidated basis. Investments in subsidiaries are accounted for by the Company using the equity method for this presentation.

The tables below present the condensed consolidating balance sheets as of June 24, 2012 and December 25, 2011, as well as the condensed consolidating statements of operations and cash flows for the thirteen and twenty-six weeks ended June 24, 2012 and June 26, 2011 based on the guarantor structure.

Description of the Company

Pilgrim's Pride Corporation (referred to herein as "Pilgrim's," "PPC," "the Company," "we," "us," "our," or similar terms) is the second-largest chicken company in the world, with operations in the United States ("U.S."), Mexico and Puerto Rico. Pilgrim's products are sold to foodservice, retail and frozen entrée customers. The Company's primary distribution is through retailers, foodservice distributors and restaurants throughout the United States and Puerto Rico and in the northern and central regions of Mexico. Additionally, the Company exports chicken products to approximately 105 countries. Pilgrim's fresh chicken products consist of refrigerated whole chickens, whole cut-up chickens and selected chicken parts that are either marinated or non-marinated. The Company's prepared chicken products include fully cooked, ready-to-cook and individually frozen chicken parts, strips, nuggets and patties, some of which are either breaded or non-breaded and either marinated or non-marinated. As a vertically integrated company, we control every phase of the production of our products. We operate feed mills, hatcheries, processing plants and distribution centers in 12 U.S. states, Puerto Rico and Mexico. Pilgrim's has approximately 38,000 employees and has the capacity to process more than 36 million birds per week for a total of more than 9.5 billion pounds of live chicken annually. Approximately 3,900 contract growers supply poultry for the Company's operations. As of June 24, 2012, JBS USA Holdings, Inc. ("JBS USA"), a wholly owned indirect subsidiary of Brazil-based JBS S.A., owned 75.3% of the Company's outstanding common stock.

Pilgrim's operates on a 52/53-week fiscal year that ends on the Sunday falling on or before December 31. The reader should assume any reference we make to a particular year (for example, 2012) in this report applies to our fiscal year and not the calendar year.

Executive Summary

We reported net income attributable to Pilgrim's Pride Corporation of \$69.4 million, or \$0.27 per diluted common share, for the thirteen weeks ended June 24, 2012 compared to a net loss attributable to Pilgrim's Pride Corporation of \$128.1 million, or \$0.57 per diluted common share, for the thirteen weeks ended June 26, 2011. These operating results included gross profit of \$144.1 million and gross losses of \$46.2 million for the respective periods. For the thirteen weeks ended June 26, 2011 we recognized operational restructuring charges of \$2.0 million. For the thirteen weeks ended June 24, 2012, we did not recognize operational restructuring charges. For the thirteen weeks ended June 24, 2012 and June 26, 2011, we recognized administrative restructuring charges of \$0.4 million and \$0.9 million, respectively.

We reported net income attributable to Pilgrim's Pride Corporation of \$108.5 million, or \$0.45 per diluted common share, for the twenty-six weeks ended June 24, 2012 compared to a net loss attributable to Pilgrim's Pride Corporation of \$248.9 million, or \$1.11 per diluted common share, for the twenty-six weeks ended June 26, 2011. These operating results included gross profit of \$254.2 million and gross losses of \$99.3 million for the respective periods. For the twenty-six weeks ended June 26, 2011 we recognized operational restructuring charges of \$3.3 million. For the twenty-six weeks ended June 24, 2012, we did not recognize operational restructuring charges. For the twenty-six weeks ended June 24, 2012 and June 26, 2011, we recognized administrative restructuring charges of \$3.3 million and \$1.3 million, respectively.

During the twenty-six weeks ended June 24, 2012, \$80.3 million of cash was provided by operations and during the twenty-six weeks ended June 26, 2011, \$140.2 million of cash was used in operations. At June 24, 2012, we had cash and cash equivalents totaling \$49.2 million.

Market prices for corn remained volatile during the thirteen weeks ended June 24, 2012, ranging from \$5.51 per bushel to \$6.77 per bushel. Market prices for soybean meal increased during the thirteen weeks ended June 24, 2012 to a high of \$437.50 per ton. Between the date of this report and July 23, 2012, market prices for corn and soybean meal reached highs of \$8.64 per bushel and \$565.00 per ton, respectively. We believe these market highs resulted primarily from uncertainty as to future crop yields given current drought conditions in most of the grain-growing regions in the U.S. There can be no assurance that our feed ingredient prices will not continue to increase materially and that such increases would not negatively impact our financial position, results of operations and cash flow. The following table compares the highest and lowest prices reached on nearby futures for one bushel of corn and one ton of soybean meal during the current year and previous three years:

	Corn		Soybean Meal

(a) For the fifty-two weeks ended December 27, 2009.

We purchase derivative financial instruments, specifically exchange-traded futures and options, in an attempt to mitigate price risk related to our anticipated consumption of commodity inputs such as corn, soybean meal, sorghum and natural gas. We do not designate derivative financial instruments that we purchase to mitigate commodity purchase exposures as cash flow hedges; therefore, we recognize changes in the fair value of these derivative financial instruments immediately in earnings. The Company recognized net gains of \$2.4 million and net losses of \$5.7 million related to changes in the fair value of its derivative financial instruments during the thirteen weeks ended June 24, 2012 and June 26, 2011, respectively. The Company recognized net losses of \$2.2 million and net gains of \$26.3 million related to changes in the fair value of its derivative financial instruments during the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively.

Market prices for chicken products are currently at levels sufficient to offset the higher costs of feed ingredients. There can be no assurance that chicken prices will not decrease due to such factors as competition from other proteins and substitutions by consumers of non-protein foods because of uncertainty surrounding the general economy and unemployment.

From time to time, we incur costs to implement exit or disposal efforts for specific operations. These exit or disposal plans focus on various aspects of operations, including closing and consolidating certain processing facilities, rationalizing headcount and aligning operations in the most strategic and cost-efficient structure. During the thirteen weeks ended June 24, 2012, we recognized total costs of \$0.4 million, which included facility closure costs of \$0.4 million. During the thirteen weeks ended June 26, 2011, we recognized total costs of \$2.9 million, which included asset impairment costs of \$2.8 million and employee-related costs of \$0.1 million, related to exit or disposal efforts. During the twenty-six weeks ended June 24, 2012, we recognized total costs of \$3.4 million, which included facility closure costs of \$1.9 million, asset impairment costs of \$1.4 million and employee-related costs of \$0.1 million, related to exit or disposal efforts. During the twenty-six weeks ended June 26, 2011, we recognized total costs of \$5.2 million, which included asset impairment costs of \$4.6 million and employee-related costs of \$0.6 million, related to exit or disposal efforts. We expect to incur additional costs related to ongoing exit or disposal efforts totaling \$12.3 million.

We continue to review and evaluate various restructuring and other alternatives to streamline our operations, improve efficiencies and reduce costs. Such initiatives may include selling assets, consolidating operations and functions, employee relocation and voluntary and involuntary employee separation programs. Any such actions may require us to obtain the pre-approval of the lenders under our secured revolving credit and term loan agreement with CoBank ACB, as administrative agent and collateral agent, and certain other lenders party thereto (the "U.S. Credit Facility"). In addition, such actions will subject us to additional short-term costs, which may include asset impairment charges, lease commitment costs, employee retention and severance costs and other costs. Certain of these activities may have a disproportionate impact on our income relative to the cost savings.

On November 18, 2011, we sold certain real property, inventory, equipment, accounts receivable and other assets related to our distribution business to JBS USA, LLC and JBS Trading International, Inc. On December 2, 2011, we sold certain real property, inventory, livestock, equipment, accounts receivable and other assets related to our pork business to Swift Pork Company, a wholly owned subsidiary of JBS USA, LLC. Our distribution business generated net income of \$1.7 million on net sales of \$174.8 million during the twenty-six weeks ended June 26, 2011. Our pork business incurred a net loss of \$1.0 million on net sales of \$15.4 million during the twenty-six weeks ended June 26, 2011.

On July 17, 2012, the Company reached an agreement to sell its commercial egg operations, which have been classified as held for sale since December 2011, to Cal-Maine Foods, Inc. The Company expects to close the transaction in August 2012.

In January 2012, Pilgrim's commenced a stock rights offering (the "Rights Offering") for stockholders of record as of January 17, 2012 (the "Record Date"). The basic subscription privilege gave stockholders the option to purchase 0.2072 shares of Pilgrim's common stock, rounded up to the next largest whole number, at a subscription price of \$4.50 per share for each share of Pilgrim's common stock they owned as of the Record Date. The multiplier was determined by dividing the 44,444,444 shares being offered in the Rights Offering by the total number of shares owned by all stockholders on the Record Date. Those stockholders that exercised their basic subscription privilege in full also received an over-subscription privilege that afforded them the opportunity to purchase additional shares at the subscription price of \$4.50 per share from a pool of the shares left over had all stockholders not elected to exercise their basic subscription privileges in full. JBS USA committed to participate in the Rights Offering and exercise its basic and over-subscription privileges in full. The last day a stockholder could exercise either their basic subscription rights or their over-subscription rights was February 29, 2012. On March 7, 2012, the Company issued 44,444,444 shares of common stock to stockholders that exercised their basic subscription privileges and over-subscription privileges under the Rights Offering. Gross proceeds received under the Rights Offering totaled \$200.0 million. The Company incurred costs directly attributable to the Rights Offering of \$1.7 million that it deferred and charged against the proceeds of the Rights Offering in *Additional Paid-in Capital* on the Condensed Consolidated Balance Sheet. The Company used the net proceeds of \$198.3 million for additional working capital to improve its capital position and for general corporate purposes. Pilgrim's also used a portion of the net proceeds to repay the outstanding principal amount of \$50.0 million, plus accrued interest, of its subordinated debt owed to JBS USA and to repay indebtedness under the U.S. Credit Facility.

Trade authorities in Mexico, the top international market for U.S. chicken in recent years, are currently investigating U.S. producers over dumping complaints lodged by certain Mexican chicken processors. These Mexican chicken processors allege U.S. producers sold chicken legs and thighs on the Mexican market below their cost of production in 2010. We cannot predict the outcome of this investigation.

Business Segment and Geographic Reporting

We operate in one reportable business segment, as a producer and seller of chicken products we either produce or purchase for resale in the U.S., Puerto Rico and Mexico. We conduct separate operations in the U.S., Puerto Rico and Mexico; however, for geographic reporting purposes, we include Puerto Rico with our U.S. operations. Corporate expenses are allocated to Mexico based upon various apportionment methods for specific expenditures incurred related thereto with the remaining amounts allocated to the U.S.

Results of Operations

Thirteen Weeks Ended June 24, 2012 Compared to Thirteen Weeks Ended June 26, 2011

Net sales. Net sales generated in the thirteen weeks ended June 24, 2012 increased \$51.8 million, or 2.7%, from net sales generated in the thirteen weeks ended June 26, 2011. The following table provides net sales information:

Sources of net sales	Thirteen	Change from	
	Weeks Ended	Thirteen Weeks Ended	
	June 24,	June 26, 2011	
	2012	Amount	Percent
(In thousands, except percent data)			
United States	\$ 1,776,740	\$ 51,905	3.0% (a)
Mexico	197,729	(126)	(0.1)% (b)
Total net sales	\$ 1,974,469	\$ 51,779	2.7%

(a) U.S. net sales generated in the thirteen weeks ended June 24, 2012 increased \$51.9 million, or 3.0%, from U.S. net sales generated in the thirteen weeks ended June 26, 2011 primarily because of the increased net revenue per pound sold. Increased net revenue per pound sold, which resulted primarily from an increase in market prices, contributed \$96.7 million, or 5.7 percentage points, to the revenue increase. A decrease in pounds sold, which resulted in part from the fourth quarter 2011 disposals of our distribution and pork businesses, partially offset the impact of net revenue per pound by \$46.8 million, or 2.7 percentage points. The disposed distribution and pork businesses generated net sales of \$93.4 million during the thirteen weeks ended June 26, 2011. Included in U.S. net sales generated during the thirteen weeks ended June 24, 2012 and June 26, 2011 were net sales to JBS USA, LLC totaling \$61.2 million and \$18.0 million, respectively.

(b) Mexico net sales generated in the thirteen weeks ended June 24, 2012 decreased \$0.1 million, or 0.1%, from Mexico net sales generated in the thirteen weeks ended June 26, 2011. A decrease in sales price primarily due to the movement in the exchange rate between the Mexican peso and the U.S. dollar contributed \$24.9 million, or 13.7 percentage points, to the revenue decrease. An increase in unit sales volume, which resulted primarily from higher customer demand, partially offset the decrease in sales price by \$24.7 million, or 13.6 percentage points. Other factors affecting the increase in Mexico net sales were immaterial.

Gross profit (loss). Gross profit (loss) increased by \$190.3 million, or 411.7%, from a loss of \$46.2 million generated in the thirteen weeks ended June 26, 2011 to a profit of \$144.1 million incurred in the thirteen weeks ended June 24, 2012. - (a) Cost of sales incurred by the U.S. operations during the thirteen weeks ended June 24, 2012 decreased \$126.3 million, or 7.1%, from cost of sales incurred by the U.S. operations during the thirteen weeks ended June 26, 2011 primarily because of the fourth quarter 2011 disposals of our distribution and pork businesses, the October 2011 closing of our Dallas facility and decreased depreciation. Our distribution and pork businesses recognized aggregate cost of sales for the thirteen weeks ended June 26, 2011 of \$72.5 million. The elimination of these costs contributed 4.1 percentage points to the decrease in cost of sales. The closing of our Dallas plant contributed \$21.5 million, or 1.2 percentage points, to the decrease in cost of sales. Lower depreciation costs contributed \$15.7 million, or 0.9 percentage points, to the decrease in cost of sales. Other factors affecting cost of sales were immaterial.
- (b) Cost of sales incurred by the Mexico operations during the thirteen weeks ended June 24, 2012 decreased \$10.3 million, or 5.4%, from cost of sales incurred by the Mexico operations during the thirteen weeks ended June 26, 2011. Foreign currency translation contributed \$28.8 million, or 15.2 percentage points, to the decrease in cost of sales and overhead costs contributed \$5.0 million, or 2.6 percentage points, to the decrease in cost of sales. Increased sales volume and feed costs partially offset the decrease by \$10.2 million and \$13.3 million, respectively.
- (c) During the thirteen weeks ended June 26, 2011, we incurred noncash impairment charges of \$2.0 million that were recognized as operational restructuring charges.

Operating income (loss). Operating income (loss) changed by \$198.0 million, or 200.6%, from a loss of \$98.7 million generated in the thirteen weeks ended June 26, 2011 to income of \$99.3 million generated in the thirteen weeks ended June 24, 2012. - (a) SG&A expense incurred by the U.S. operations during the thirteen weeks ended June 24, 2012 decreased \$5.8 million, or 12.6%, from SG&A expense incurred by the U.S. operations during the thirteen weeks ended June 26, 2011 primarily because of (i) a \$3.2 million decrease from the same period in the prior year in professional fees and outside services, (ii) a \$2.2 million decrease from the same period in the prior year in salaries and wages, (iii) a decrease of \$0.7 million from the same period in the prior year in brokerage expenses and (iv) a decrease of \$1.0 million from the same period in the prior year in insurance expenses. Other factors affecting SG&A expense were immaterial.
- (b) SG&A expense incurred by the Mexico operations during the thirteen weeks ended June 24, 2012 decreased \$1.4 million, or 25.6%, from SG&A expense incurred by the Mexico operations during the thirteen weeks ended June 26, 2011. Decreased expenses related to freight and storage accounted for \$1.4 million of the decrease in SG&A expense. Other factors affecting SG&A expense were immaterial.
- (c) Administrative restructuring charges incurred during the thirteen weeks ended June 24, 2012 decreased \$0.5 million from administrative restructuring charges incurred during the thirteen weeks ended June 26, 2011. During the thirteen weeks ended June 24, 2012, we incurred administrative restructuring charges composed of (i) a \$0.1 million loss on egg sales and flock depletion and (ii) charges related to other restructuring activities totaling \$0.3 million. During the thirteen weeks ended June 26, 2011, we incurred noncash impairment charges of \$0.9 million that were recognized as administrative restructuring charges.

Net interest expense. Net interest expense decreased 9.5% to \$24.6 million recognized in the thirteen weeks ended June 24, 2012 from \$27.1 million recognized in the thirteen weeks ended June 26, 2011. This resulted primarily from a \$3.1 million decrease on long term debt interest expense due to lower average borrowings. This decrease was partially offset by an increase of \$0.6 million in costs associated with the letters of credit JBS USA has arranged on its account and a higher weighted average interest rate compared to the same period in the prior year. Average borrowings decreased from \$1.48 billion in the thirteen weeks ended June 26, 2011 to \$1.21 billion in the thirteen weeks ended June 24, 2012. The weighted average interest rate recognized increased from 6.63% in the thirteen weeks ended June 26, 2011 to 7.03% in the thirteen weeks ended June 24, 2012.

Income taxes. The Company recognized an income tax benefit of \$2.4 million for the thirteen weeks ended June 24, 2012, compared to an income tax expense of \$3.5 million for the thirteen weeks ended June 26, 2011. The income tax benefit reported for the thirteen weeks ended June 24, 2012 was primarily the result of a decrease in reserves for unrecognized tax benefits and a decrease in valuation allowance as a result of earnings in the current period, offset by the tax expense recorded on the Company's year-to-date income. The income tax expense reported for the thirteen weeks ended June 26, 2011 was primarily the result of adjusting the tax benefit recorded on the Company's year-to-date loss that was expected to be realized, over the tax benefit recorded during the thirteen weeks ended March 27, 2011 calculated on the Company's projected full-year loss.

Net income attributable to noncontrolling interests. For the thirteen weeks ended June 24, 2012 and June 26, 2011, we recognized a net loss of \$0.2 million and net income of \$0.2 million attributable to noncontrolling interests in certain of our consolidated subsidiaries, respectively.

Twenty-Six Weeks Ended June 24, 2012 Compared to Twenty-Six Weeks Ended June 26, 2011

Net sales. Net sales generated in the twenty-six weeks ended June 24, 2012 increased \$48.1 million, or 1.3%, from net sales generated in the twenty-six weeks ended June 26, 2011. The following table provides net sales information:

- (a) U.S. net sales generated in the twenty-six weeks ended June 24, 2012 increased \$26.2 million, or 0.8%, from U.S. net sales generated in the twenty-six weeks ended June 26, 2011 primarily because of an increase in the net revenue per pound sold partially offset by a decrease in pounds sold. Increased net revenue per pound sold, which resulted primarily from an increase in market prices, contributed \$202.4 million, or 5.9 percentage points, to the revenue increase. The decrease in pounds sold, which resulted in part from the fourth quarter 2011 disposals of our distribution and pork businesses, partially offset the increase in revenue per pound sold by \$176.2 million, or 5.1 percentage points. The disposed distribution and pork businesses generated net sales of \$190.1 million during the twenty-six weeks ended June 26, 2011. Included in U.S. net sales generated during the twenty-six weeks ended June 24, 2012 and June 26, 2011 were net sales to JBS USA, LLC totaling \$119.4 million and \$41.7 million, respectively.
- (b) Mexico net sales generated in the twenty-six weeks ended June 24, 2012 increased \$21.8 million, or 5.7%, from Mexico net sales generated in the twenty-six weeks ended June 26, 2011. An increase in unit sales volume, which resulted primarily from higher customer demand, contributed \$31.9 million, or 8.4 percentage points, to the revenue increase. A decrease in sales price, primarily because of the movement in the exchange rate between the Mexican peso and the U.S. dollar, partially offset the increase in unit sales volume by \$10.1 million, or 2.7 percentage points. Other factors affecting the increase in Mexico net sales were immaterial.

Gross profit (loss). Gross profit (loss) increased by \$353.5 million, or 355.8%, from a loss of \$99.3 million generated in the twenty-six weeks ended June 26, 2011 to a profit of \$254.2 million incurred in the twenty-six weeks ended June 24, 2012. - (a) Cost of sales incurred by the U.S. operations during the twenty-six weeks ended June 24, 2012 decreased \$296.8 million, or 8.4%, from cost of sales incurred by the U.S. operations during the twenty-six weeks ended June 26, 2011 primarily because of our first quarter 2011 focused inventory reduction efforts, the fourth quarter 2011 disposals of our distribution and pork businesses, the October 2011 closure of our Dallas facility and decreased depreciation. Our focused inventory reduction efforts during the twenty-six weeks ended June 26, 2011 contributed \$120.5 million, or 3.4 percentage points, of the decrease in cost of sales. Our distribution and pork businesses recognized aggregate cost of sales for the twenty-six weeks ended June 26, 2011 of \$170.7 million. The elimination of these costs contributed 4.8 percentage points to the decrease in cost of sales. The closing of our Dallas plant contributed \$49.1 million, or 1.4 percentage points, to the decrease in cost of sales. Lower depreciation costs contributed \$30.2 million, or 0.9 percentage points, to the decrease in cost of sales. Increases in feed ingredients and packaging costs partially offset the impact of the factors listed above on the cost of sales comparison by \$59.4 million, or 1.7 percentage points. Other factors affecting cost of sales were immaterial.
- (b) Cost of sales incurred by the Mexico operations during the twenty-six weeks ended June 24, 2012 decreased \$5.4 million, or 1.5%, from cost of sales incurred by the Mexico operations during the twenty-six weeks ended June 26, 2011. Foreign currency translation contributed \$41.7 million, or 11.5 percentage points, to the decrease in cost of sales and overhead costs contributed \$7.5 million, or 2.0 percentage points, to the decrease in cost of sales. Increased sales volume and feed costs partially offset the decrease by \$28.1 million and \$15.7 million, respectively.
- (c) During the twenty-six weeks ended June 26, 2011, we incurred noncash impairment charges of \$1.3 million that were recognized as operational restructuring charges.

Operating income (loss). Total administrative restructuring charges	\$ 3,274	\$ 2,006		158.2%

- (a) SG&A expense incurred by the U.S. operations during the twenty-six weeks ended June 24, 2012 decreased \$12.6 million, or 13.3%, from SG&A expense incurred by the U.S. operations during the twenty-six weeks ended June 26, 2011 primarily because of (i) a \$6.1 million decrease from the same period in the prior year in professional fees and outside services, (ii) a \$3.8 million decrease from the same period in the prior year in salaries and wages, (iii) a decrease of \$2.1 million from the same period in the prior year in brokerage expenses and (iv) a decrease of \$2.0 million from the same period in the prior year in insurance expenses. Other factors affecting SG&A expense were immaterial.
- (b) SG&A expense incurred by the Mexico operations during the twenty-six weeks ended June 24, 2012 decreased \$2.6 million, or 24.7%, from SG&A expense incurred by the Mexico operations during the twenty-six weeks ended June 26, 2011. Decreased expenses related to freight and storage accounted for \$3.3 million of the decrease in SG&A expense. They were partially offset by an increase in vehicle and automotive expenses of \$0.6 million. Other factors affecting SG&A expense were immaterial.
- (c) Administrative restructuring charges incurred during the twenty-six weeks ended June 24, 2012 increased \$2.0 million from administrative restructuring charges incurred during the twenty-six weeks ended June 26, 2011. During the twenty-six weeks ended June 24, 2012, we incurred administrative restructuring charges composed of (i) noncash impairment charges of \$1.3 million, (ii) a \$0.6 million loss on egg sales and flock depletion and (iii) charges related to other restructuring activities totaling \$1.4 million. During the twenty-six weeks ended June 26, 2011, we incurred noncash impairment charges of \$1.3 million that were recognized as administrative restructuring charges.

Net interest expense. Net interest expense decreased 2.6% to \$52.5 million recognized in the twenty-six weeks ended June 24, 2012 from \$53.9 million recognized in the twenty-six weeks ended June 26, 2011. This resulted primarily from a \$3.0 million decrease on long term debt interest expense due to lower average borrowings. This decrease was partially offset by an increase of \$1.2 million in costs associated with the letters of credit JBS USA has arranged on its account and a higher weighted average interest rate compared to the same period in the period year. Average borrowings decreased from \$1.46 billion in the twenty-six weeks ended June 26, 2011 to \$1.31 billion in the twenty-six weeks ended June 24, 2012. The weighted average interest rate recognized increased from 6.73% in the twenty-six weeks ended June 26, 2011 to 6.91% in the twenty-six weeks ended June 24, 2012.

Income taxes. The Company recognized an income tax benefit of \$1.7 million for the twenty-six weeks ended June 24, 2012, compared to an income tax benefit of \$6.4 million for the twenty-six weeks ended June 26, 2011. The income tax benefit reported for the twenty-six weeks ended June 24, 2012 was primarily the result of a decrease in reserves for unrecognized tax benefits and a decrease in valuation allowance as a result of earnings in the current period, offset by the tax expense recorded on the Company's year-to-date income. The income tax benefit reported for the twenty-six weeks ended June 26, 2011 was primarily the result of the tax benefit recorded on the Company's year-to-date loss that was expected to be realized, offset by tax expense for items originating in the prior year.

Net income attributable to noncontrolling interests. For the twenty-six weeks ended June 24, 2012 and June 26, 2011, we recognized net income of \$0.2 million and \$1.1 million attributable to noncontrolling interests in certain of our consolidated subsidiaries, respectively.

Liquidity and Capital Resources

The following table presents our available sources of liquidity as of June 24, 2012:

Source of Liquidity	Facility	Amount	Amount
	Amount	Outstanding	Available
	(In millions)		
Cash and cash equivalents			\$ 49.2
Short-term investments in available-for-sale securities			0.2
Borrowing arrangements:			
U.S. Credit Facility	\$ 700.0	\$ 161.5	476.2 (a)
Mexico Credit Facility	40.2	—	40.2 (b)

(a) Actual borrowings by the Company under the U.S. Credit Facility are subject to a borrowing base, which is a formula based on certain eligible inventory and eligible receivables. The borrowing base in effect at June 24, 2012 was \$676.9 million. Availability under the U.S. Credit Facility is also reduced by the Company's outstanding standby letters of credit. Standby letters of credit outstanding at June 24, 2012 totaled \$39.2 million.

(b) Under the Mexico Credit Facility, if (i) any default or event of default has occurred and is continuing or (ii) the quotient of the borrowing base divided by the outstanding loans and letters of credit (the "Collateral Coverage Ratio") under the Mexico Credit Facility is less than 1.25 to 1.00, the loans and letters of credit under the Mexico Credit Facility will be subject to, and cannot exceed, a borrowing base. The borrowing base is a formula based on accounts receivable, inventory, prepaid assets, net cash under the control of the administrative agent and up to 150.0 million Mexican pesos of fixed assets of the loan parties. The borrowing base formula will be reduced by trade payables of the loan parties. If the Collateral Coverage Ratio falls below 1.25 to 1.00, the borrowing base requirement would terminate upon the earlier of (i) the Collateral Coverage Ratio exceeding 1.25 to 1.00 as of the latest measurement period for 60 consecutive days or (ii) the borrowing availability under the Mexico Credit Facility being equal to or greater than the greater of 20% of the revolving commitments under the Mexico Credit Facility and 100.0 million Mexican pesos for a period of 60 consecutive days.

At the present time, the Company's forecasts indicate that it will have sufficient liquidity for the foreseeable future to meet the operating and other cash flow needs of its business. However, if chicken prices or feed ingredient prices were to deteriorate from current levels, the Company's ability to maintain a sufficient level of liquidity to meet its cash flow needs could be materially jeopardized.

Senior and Subordinated Notes

At June 24, 2012, the Company had an aggregate principal balance of \$500.0 million of 7⁷/₈% Senior Notes due 2018 (the "2018 Notes") outstanding that are registered under the Securities Act of 1933. The 2018 Notes are unsecured obligations of the Company and are guaranteed by one of the Company's subsidiaries. Interest is payable on December 15 and June 15 of each year, commencing on June 15, 2011. Additionally, the Company had an aggregate principal balance of \$3.9 million of 7⁵/₈% senior unsecured notes, 8³/₈% senior subordinated unsecured notes and 9¹/₄% senior unsecured notes outstanding at June 24, 2012.

On June 23, 2011, the Company entered into a Subordinated Loan Agreement with JBS USA (the "Subordinated Loan Agreement"), which provided an aggregate commitment of \$100.0 million. On June 23, 2011, JBS USA made a term loan to the Company in the principal amount of \$50.0 million. Pursuant to the terms of the Subordinated Loan Agreement, the Company has agreed to reimburse JBS USA up to \$56.5 million for potential draws upon letters of credit issued for JBS USA's account that support certain obligations of the Company or its subsidiaries. On December 16, 2011, the Company and JBS USA executed an amendment to the Subordinated Loan Agreement that, among other things, provided that if the Company consummated a stock rights offering (the "Rights Offering") that allowed stockholders of record as of January 17, 2012 to purchase an aggregate 44,444,444 shares of the Company's common stock on or before March 24, 2012, the loan commitment under the Subordinated Loan Agreement would be terminated. The Company consummated the Rights Offering on February 29, 2012. Further, under the U.S. Credit Facility (as defined below), following the consummation of the Rights Offering, (i) the Company, at its option, was permitted to prepay the outstanding \$50.0 million term loan under the Subordinated Loan Agreement and (ii) the existing commitment of JBS USA to make an additional \$50.0 million term loan to the Company under the Subordinated Loan Agreement would be terminated. On March 7, 2012, the Company repaid the outstanding \$50.0 million term loan under the Subordinated Loan Agreement, plus accrued interest, with proceeds received from the Rights Offering and the remaining commitment to make loans under the Subordinated Loan Agreement was terminated.

JBS USA agreed to arrange for letters of credit to be issued on its account in the amount of \$56.5 million to an insurance company serving the Company in order to allow that insurance company to return cash it held as collateral against potential workers compensation, auto and general liability claims. In return for providing this letter of credit, the Company reimburses JBS USA for the letter of credit costs the Company would otherwise incur under its U.S. Credit Facility. In the thirteen weeks ended June 24, 2012, the Company reimbursed JBS USA \$1.4 million for letter of credit costs incurred from November 2011 through May 2012. As of June 24, 2012, the Company has accrued an obligation of \$0.2 million to reimburse JBS USA for letter of credit costs incurred on its behalf.

U.S. Credit Facility

Pilgrim's and certain of its subsidiaries have entered into a credit agreement (the "U.S. Credit Facility") with CoBank ACB, as administrative agent and collateral agent, and other lenders party thereto, which currently provides a \$700.0 million revolving credit facility and a Term B facility. The U.S. Credit Facility also includes an accordion feature that allows us, at any time, to increase the aggregate revolving loan commitment by up to an additional \$100.0 million and to increase the aggregate Term B loans commitment by up to an additional \$400.0 million, in each case subject to the satisfaction of certain conditions, including an aggregate cap on all commitments under the U.S. Credit Facility of \$1.85 billion. On April 22, 2011, we increased the amount of the sub-limit for swingline loans under the U.S. Credit Facility to \$100.0 million. The revolving loan commitment and the Term B loans will mature on December 28, 2014.

On December 28, 2009, the Company paid loan costs totaling \$50.0 million related to the U.S. Credit Facility that it recognized as an asset on its balance sheet. The Company amortizes these capitalized costs to interest expense over the life of the U.S. Credit Facility.

Subsequent to the end of each fiscal year, a portion of our cash flow must be used to repay outstanding principal amounts under the Term B loans. In April 2011, the Company paid approximately \$46.3 million of its excess cash flow toward the outstanding principal under the Term B loans. After giving effect to this prepayment and other prepayments of the Term B loans, the Term B loans must be repaid in 16 quarterly installments of approximately \$3.9 million beginning on April 15, 2011, with the final installment due on December 28, 2014. The Company did not have excess cash flow from 2011 to be applied toward the outstanding principal under the Term B loans. The U.S. Credit Facility also requires us to use the proceeds we receive from certain asset sales and specified debt or equity issuances and upon the occurrence of other events to repay outstanding borrowings under the U.S. Credit Facility. The cash proceeds received by the Company from the Rights Offering were not subject to this requirement. On June 24, 2012, a principal amount of \$566.8 million under the Term B loans commitment was outstanding.

Actual borrowings by the Company under the revolving credit commitment component of the U.S. Credit Facility are subject to a borrowing base, which is a formula based on certain eligible inventory, eligible receivables and restricted cash under the control of CoBank ACB. As of June 24, 2012, the applicable borrowing base was \$676.9 million, the amount available for borrowing under the revolving loan commitment was \$476.2 million and outstanding borrowings and letters of credit under the revolving loan commitment were \$161.5 million and \$39.2 million, respectively.

The U.S. Credit Facility contains financial covenants and various other covenants that may adversely affect our ability to, among other things, incur additional indebtedness, incur liens, pay dividends or make certain restricted payments, consummate certain assets sales, enter into certain transactions with JBS USA and our other affiliates, merge, consolidate and/or sell or dispose of all or substantially all of our assets. On June 23, 2011 and December 16, 2011, the Company entered into amendments to the U.S. Credit Facility, which, among other things, (i) temporarily suspended the requirement for the Company to comply with the fixed charge coverage ratio and senior secured leverage ratio financial covenants until the quarter ended December 30, 2012, (ii) modified the fixed charge coverage ratio financial covenant so that when the requirement to comply with this covenant resumes in the quarter ended December 30, 2012, the Company can calculate the fixed charge coverage ratio based upon a specified number of fiscal quarters selected by the Company, (iii) reduced the minimum allowable consolidated tangible net worth to the sum of \$450 million plus 50% of the cumulative net income (excluding any losses) of the Company from December 16, 2011 through such date of calculation and (iv) increased the maximum allowable senior secured leverage ratio, determined for any period of four consecutive fiscal quarters ending on the last day of each fiscal quarter, to be no greater than 4.00:1.00 for periods calculated from September 24, 2012 and thereafter. The Company is currently in compliance with the modified consolidated tangible net worth covenant. The Company also expects to be in compliance with the modified fixed charge coverage ratio and senior secured leverage ratio financial covenants when the requirement to comply with this covenant resumes in the quarter ended December 30, 2012.

All obligations under the U.S. Credit Facility are unconditionally guaranteed by certain of the Company's subsidiaries and are secured by a first priority lien on (i) the accounts receivable and inventories of the Company and its non-Mexico subsidiaries, (ii) 65% of the equity interests in the Company's direct foreign subsidiaries and 100% of the equity interests in the Company's other subsidiaries, (iii) substantially all of the personal property and intangibles of the borrowers and guarantors under the U.S. Credit Facility and (iv) substantially all of the real estate and fixed assets of the Company and the guarantor subsidiaries under the U.S. Credit Facility.

Mexico Credit Facility

On October 19, 2011, Avícola Pilgrim's Pride de México, S.A. de C.V. , Pilgrim's Pride S. de R.L. de C.V. and certain Mexican subsidiaries entered into an amended and restated credit agreement (the "Mexico Credit Facility") with ING Bank (México), S.A. Institución de Banca Múltiple, ING Grupo Financiero, as lender and ING Capital LLC, as administrative agent. The Mexico Credit Facility has a final maturity date of September 25, 2014. The Mexico Credit Facility is secured by substantially all of the assets of the Company's Mexico subsidiaries. As of June 24, 2012, the U.S. dollar-equivalent of the loan commitment under the Mexico Credit Facility was \$40.2 million. There were no outstanding borrowings under the Mexico Credit Facility at June 24, 2012.

Off-Balance Sheet Arrangements

We are a party to many routine contracts in which we provide general indemnities in the normal course of business to third parties for various risks. Among other considerations, we have not recorded a liability for any of these indemnities as, based upon the likelihood of payment, the fair value of such indemnities would not have a material impact on our financial condition, results of operations and cash flows.

Historical Flow of Funds

Cash provided by operating activities was \$80.3 million for the twenty-six weeks ended June 24, 2012 and cash used in operating activities was \$140.2 million for the twenty-six weeks ended June 26, 2011. The increase in cash flows provided by operating activities was primarily from net income of \$108.8 million for the twenty-six weeks ended June 24, 2012 as compared to a net loss of \$247.8 million for the twenty-six weeks ended June 26, 2011.

Our working capital position, which we define as current assets less current liabilities, increased \$96.4 million to \$843.4 million and a current ratio of 2.16 at June 24, 2012 compared to \$747.0 million and a current ratio of 2.04 at December 25, 2011. The increase in working capital was caused by the generation of cash from operations.

Trade accounts and other receivables increased \$1.9 million, or 0.5%, to \$372.3 million at June 24, 2012 from \$370.4 million at December 25, 2011. The change in trade accounts and other receivables was immaterial when compared to the previous year.

Inventories increased \$108.9 million, or 12.4%, to \$988.0 million at June 24, 2012 from \$879.1 million at December 25, 2011. The change in inventories was primarily due to increases in live chicken, finished chicken products and feed ingredients costs.

Prepaid expenses and other current assets decreased \$9.0 million, or 17.1%, to \$43.4 million at June 24, 2012 from \$52.4 million at December 25, 2011. This change resulted primarily from a \$10.5 million decrease in prepaid grain purchases.

Accounts payable, including accounts payable to JBS USA, increased \$8.3 million, or 2.4%, to \$348.8 million at June 24, 2012 from \$340.5 million at December 25, 2011. This change resulted from the timing of payments disbursed to vendors at December 25, 2011.

Accrued expenses and other current liabilities decreased \$0.9 million, or 0.3%, to \$280.9 million at June 24, 2012 from \$281.8 million at December 25, 2011. The change in accrued expenses and other current liabilities was immaterial when compared to the previous year.

Cash used in investing activities was \$25.2 million and \$99.0 million in the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively. Capital expenditures totaled \$37.6 million and \$103.2 million in the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively. Capital expenditures decreased by \$65.6 million primarily because of our efforts to reduce outstanding debt. Capital expenditures for 2012 cannot exceed \$175.0 million as allowed under the terms of the U.S. Credit Facility. Cash was used to purchase investment securities totaled \$0.2 million and \$3.4 million in the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively. Cash proceeds from the sale or maturity of investment securities were \$0.1 million and \$2.6 million for the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively. Cash proceeds from property disposals in the twenty-six weeks ended June 24, 2012 and June 26, 2011 were \$12.5 million and \$4.9 million, respectively.

Cash used in financing activities was \$45.3 million in twenty-six weeks ended June 24, 2012. Cash provided by financing activities was \$167.4 million in the twenty-six weeks ended June 26, 2011. Cash used in the twenty-six weeks ended June 24, 2012 to repay notes payable to JBS USA was \$50.0 million. Cash proceeds in the twenty-six weeks ended June 26, 2011 from notes payable to JBS USA were \$50.0 million. Cash proceeds in the twenty-six weeks ended June 24, 2012 and June 26, 2011 from long-term debt were \$391.3 million and \$580.3 million, respectively. Cash was used to repay long-term debt totaling \$584.9 million and \$455.9 million in the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively. Cash proceeds in the twenty-six weeks ended June 24, 2012 from the sale of common stock were \$198.3 million. Cash used in the twenty-six weeks ended June 26, 2011 for the purchase of remaining interest in a subsidiary was \$4.4 million. Cash used in the twenty-six weeks ended June 26, 2011 for other financing activities was \$0.1 million. Cash was used to pay capitalized loan costs totaling \$4.4 million in the twenty-six weeks ended June 26, 2011.

(a) Long-term debt includes unaccreted discount of \$2.9 million and excludes \$39.2 million in letters of credit outstanding related to normal business transactions. In April 2011, the Company paid approximately \$46.3 million of its 2010 excess cash flow toward the outstanding principal under the Term B loans. After giving effect to this prepayment and other prepayments of the Term B loans, the Term B loans must be repaid in 16 quarterly installments of approximately \$3.9 million beginning on April 15, 2011, with the final installment due on December 28, 2014.

(b) Interest expense in the table above assumes the continuation of interest rates and outstanding borrowings under our credit facilities as of June 24, 2012.

(c) Purchase obligations include agreements to purchase goods or services that are enforceable and legally binding on us and that specify all significant terms, including fixed or minimum quantities to be purchased; fixed, minimum, or variable price provisions; and the approximate timing of the transaction.

(d) The total amount of PPC's unrecognized tax benefits at June 24, 2012 was \$59.2 million. We did not include this amount in the contractual obligations table above as reasonable estimates cannot be made at this time of the amounts or timing of future cash outflows.

Critical Accounting Policies

During the twenty-six weeks ended June 24, 2012, (i) we did not change any of our existing critical accounting policies, (ii) no existing accounting policies became critical accounting policies because of an increase in the materiality of associated transactions or changes in the circumstances to which associated judgments and estimates relate and (iii) there were no significant changes in the manner in which critical accounting policies were applied or in which related judgments and estimates were developed.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

Commodity Prices

We purchase certain commodities, primarily corn and soybean meal, for use as ingredients in the feed we consume in our live operations. As a result, our earnings are affected by changes in the price and availability of such feed ingredients. In the past, we have from time to time attempted to minimize our exposure to the changing price and availability of such feed ingredients using various techniques, including, but not limited to, executing purchase agreements with suppliers for future physical delivery of feed ingredients at established prices and purchasing or selling derivative financial instruments such as futures and options.

Market risk is estimated as a hypothetical 10.0% change in the weighted-average cost of our primary feed ingredients as of June 24, 2012. However, fluctuations greater than 10.0% could occur. Based on our feed consumption during the thirteen weeks ended June 24, 2012, such a change would have resulted in a change to cost of sales of \$83.8 million, excluding the impact of any feed ingredients derivative financial instruments in that period. A 10.0% change in ending feed ingredient inventories at June 24, 2012 would be \$10.2 million, excluding any potential impact on the production costs of our chicken inventories.

The Company purchases derivative financial instruments, specifically exchange-traded futures and options, in an attempt to mitigate price risk related to its anticipated consumption of commodity inputs for the next 12 months. A 10.0% change in corn, soybean meal, sorghum and natural gas prices on June 24, 2012 would have resulted in a \$0.4 million change in the fair value of our net commodity derivative asset position, including margin cash, as of that date.

Interest Rates

Our earnings are also affected by changes in interest rates due to the impact those changes have on our variable-rate debt instruments. We had variable-rate debt instruments representing approximately 35.5% of our total debt at June 24, 2012. Holding other variables constant, including levels of indebtedness, an increase in interest rates of 25 basis points would have increased our interest expense by \$0.3 million for the thirteen weeks ended June 24, 2012. These amounts are determined by considering the impact of the hypothetical interest rates on our variable-rate debt at June 24, 2012.

Market risk for fixed-rate debt is estimated as the potential increase in fair value resulting from a hypothetical decrease in interest rates of 10%. Using a discounted cash flow analysis, a hypothetical 10% decrease in interest rates would have increased the fair value of our fixed rate debt by approximately \$4.6 million.

Investments at June 24, 2012 were primarily comprised of corporate equity securities and both U.S. corporate and municipal debt securities. Market risk related to our investments is not significant.

Foreign Currency

Our earnings are also affected by foreign currency exchange rate fluctuations related to the Mexican peso net monetary position of our Mexican subsidiaries. We manage this exposure primarily by attempting to minimize our Mexican peso net monetary position. We are also exposed to the effect of potential currency exchange rate fluctuations to the extent that amounts are repatriated from Mexico to the U.S. As of June 24, 2012, we anticipate that the cash flows of our Mexico subsidiaries will be reinvested in our Mexico operations. In addition, the Mexican peso exchange rate can directly and indirectly impact our financial condition and results of operations in several ways, including potential economic recession in Mexico because of devaluation of their currency. The impact on our financial position and results of operations resulting from a hypothetical change in the exchange rate between the U.S. dollar and the Mexican peso cannot be reasonably estimated. Foreign currency exchange gains (losses), representing the change in the U.S. dollar value of the net monetary assets of our Mexican subsidiaries denominated in Mexican pesos, was a loss of \$2.3 million and a gain of \$2.7 million in the twenty-six weeks ended June 24, 2012 and June 26, 2011, respectively. The average exchange rates for the twenty-six weeks ended June 24, 2012 and June 26, 2011 were 13.28 Mexican pesos to one U.S. dollar and 11.91 Mexican pesos to one U.S. dollar, respectively. No assurance can be given as to how future movements in the Mexican peso could affect our future financial condition or results of operations.

Quality of Investments

We and certain retirement plans that we sponsor invest in a variety of financial instruments. We have analyzed our portfolios of investments and, to the best of our knowledge, none of our investments, including money market funds units, commercial paper and municipal securities, have been downgraded, and neither we nor any fund in which we participate hold significant amounts of structured investment vehicles, auction rate securities, collateralized debt obligations, credit derivatives, hedge funds investments, fund of funds investments or perpetual preferred securities. Certain postretirement funds in which we participate hold significant amounts of mortgage-backed securities. However, none of the mortgages collateralizing these securities are considered subprime.

Forward Looking Statements

Certain written and oral statements made by our Company and subsidiaries of our Company may constitute “forward-looking statements” as defined under the Private Securities Litigation Reform Act of 1995. - Our ability to obtain and maintain commercially reasonable terms with vendors and service providers;
- Our ability to maintain contracts that are critical to our operations;
- Our ability to retain management and other key individuals;
- Certain of our reorganization and exit or disposal activities, including selling assets, idling facilities, reducing production and reducing workforce, resulted in reduced capacities and sales volumes and may have a disproportionate impact on our income relative to the cost savings;

- Contamination of our products, which has previously and can in the future lead to product liability claims and product recalls;
- Exposure to risks related to product liability, product recalls, property damage and injuries to persons, for which insurance coverage is expensive, limited and potentially inadequate;
- Changes in laws or regulations affecting our operations or the application thereof;
- New immigration legislation or increased enforcement efforts in connection with existing immigration legislation that cause our costs of business to increase, cause us to change the way in which we do business or otherwise disrupt our operations;
- Competitive factors and pricing pressures or the loss of one or more of our largest customers;
- Currency exchange rate fluctuations, trade barriers, exchange controls, expropriation and other risks associated with foreign operations;
- Disruptions in international markets and distribution channels; and
- The impact of uncertainties of litigation as well as other risks described herein and under “Risk Factors” in our 2011 Annual Report on Form 10-K filed with the SEC.

Actual results could differ materially from those projected in these forward-looking statements as a result of these factors, among others, many of which are beyond our control.

In making these statements, we are not undertaking, and specifically decline to undertake, any obligation to address or update each or any factor in future filings or communications regarding our business or results, and we are not undertaking to address how any of these factors may have caused changes to information contained in previous filings or communications. Although we have attempted to list comprehensively these important cautionary risk factors, we must caution investors and others that other factors may in the future prove to be important and affect our business or results of operations.

ITEM 4. CONTROLS AND PROCEDURES

As of June 24, 2012, an evaluation was performed under the supervision and with the participation of the Company's management, including the Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of the Company's "disclosure controls and procedures" (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based on that evaluation, the Company's management, including the Principal Executive Officer and Principal Financial Officer, concluded the Company's disclosure controls and procedures were effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that information we are required to disclose in our reports filed with the Securities and Exchange Commission is accumulated and communicated to our management, including our Principal Executive Officer and Principal Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

In connection with the evaluation described above, the Company's management, including the Principal Executive Officer and Principal Financial Officer, identified no change in the Company's internal control over financial reporting that occurred during the thirteen weeks ended June 24, 2012 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Grower Claims and Proceedings

Ricky Arnold, et al. v. Pilgrim's Pride Corp., et al. On September 10, 2008, a lawsuit styled "Ricky Arnold, et al. v. Pilgrim's Pride Corp., et al." was filed against our Company and two of its representatives. In this lawsuit, filed in the Circuit Court of Van Buren County, Arkansas ("Van Buren County Court"), nearly 100 contract poultry growers and their spouses assert claims of fraud and deceit, constructive fraud, fraud in the inducement, promissory estoppel, and violations of the Arkansas Livestock and Poultry Contract Protection Act relating to the idling of our Clinton, Arkansas processing plant. The total amount of damages sought by the contract poultry growers is unliquidated and unknown at this time. We filed a Notice of Suggestion of Bankruptcy. The Van Buren County Court has not issued an order in response to it. The plaintiffs filed proofs of claim in the Bankruptcy Court for the Northern District of Texas, Fort Worth Division ("Bankruptcy Court"), and we filed objections to the proofs of claim. The plaintiffs in the Arnold case, and a number of other growers from the Clinton, Arkansas facility filed proofs of claim in the bankruptcy case. We anticipate that the Arnold case will be resolved as a part of the claim resolution process in the Bankruptcy Court. We express no opinion as to the likelihood of an unfavorable outcome or the amount or range of any possible loss to us.

Shelia Adams, et al. v. Pilgrim's Pride Corporation. On June 1, 2009, approximately 555 former and current independent contract broiler growers, their spouses and poultry farms filed an adversary proceeding against us in the Bankruptcy Court styled "Shelia Adams, et al. v. Pilgrim's Pride Corporation." In the adversary proceeding, the plaintiffs assert claims against us for: (i) violations of Sections 202(a), (b) and (e), 7 U.S.C. § 192 of the Packers and Stockyards Act of 1921 (the "PSA"); (ii) intentional infliction of emotional distress; (iii) violations of the Texas Deceptive Trade Practices Act ("DTPA"); (iv) promissory estoppel; (v) simple fraud; and (vi) fraud by nondisclosure. The plaintiffs also filed a motion to withdraw the reference. The Bankruptcy Court recommended the reference be withdrawn, but that the United States District Court for the Northern District of Texas, Fort Worth Division ("Fort Worth Court"), retain venue over the action to ensure against forum shopping. The Fort Worth Court granted the motion to withdraw the reference and consolidated this action with the City of Clinton proceeding described below. We filed a motion to dismiss the plaintiffs' claims. The Fort Worth Court granted in part and denied in part our motion, dismissing the following claims and ordering the plaintiffs to file a motion to amend their lawsuit and re-plead their claims with further specificity or the claims would be dismissed with prejudice: (i) intentional infliction of emotional distress; (ii) promissory estoppel; (iii) simple fraud and fraudulent nondisclosure; and (iv) DTPA claims with respect to growers from Oklahoma, Arkansas, and Louisiana. The plaintiffs filed a motion for leave to amend on October 7, 2009. Plaintiffs' motion for leave was granted and the plaintiffs filed their Amended Complaint on December 7, 2009. Subsequent to the Fort Worth Court granting in part and denying in part our motion to dismiss, the plaintiffs filed a motion to transfer venue of the proceeding from the Fort Worth Court to the Marshall Court. We filed a response to the motion, but the motion to transfer was granted on December 17, 2009. On December 29, 2009, we filed our answer to plaintiffs' Amended Complaint with the Marshall Court. A bench trial commenced on June 16, 2011. The trial concluded as to the El Dorado growers on August 25, 2011. On September 30, 2011, the Marshall Court issued its Findings of Facts and Conclusions of Law and Judgment finding in favor of the Company on each of the grower claims with exception of claims under 7 U.S.C. §192(e), and awarding damages to plaintiffs in the aggregate of approximately \$25.8 million. Afterward, the Company filed post-judgment motions attacking the trial court's findings of fact and conclusions of law, which, on December 28, 2011, were granted in part and resulted in a reduction of the damages award from \$25.8 million to \$25.6 million. On January 19, 2012, the Company appealed the findings of fact and conclusions of law and decision concerning the post-judgment motions to the United States Fifth Circuit Court of Appeals. The Company intends to vigorously pursue its appellate rights and defend against the underlying judgment. While the outstanding judgment is reasonably possible, the Company has recorded an estimated probable loss that is less than the outstanding judgment. The remaining growers' claims are now scheduled to be tried in the summer and fall of 2012. The Company intends to vigorously defend against these claims. Although the likelihood of financial loss related to the remaining growers' claims is reasonably possible, an estimate of potential loss cannot be determined at this time because of now conflicting legal authority, the factual nature of the various growers' individual claims, and a new judge who will preside over the remaining bench trials. There can be no assurances that other similar claims may not be brought against the Company.

Grower Proofs of Claim. Numerous former independent contract growers located in our Clinton, Arkansas complex filed proofs of claim against us relating to the Arnold litigation referenced above. The claims include: (i) fraud and deceit; (ii) constructive fraud; (iii) fraud in the inducement; (iv) promissory estoppel; (v) a request for declaratory relief; and (vi) violations of the Arkansas Livestock and Poultry Contract Protection Act, and relate to the growers' allegations that they were required to spend significant amounts improving their poultry farms in order to continue their contractual relationship with our Company and predecessor companies prior to us idling our Clinton processing facility. Most of the growers in this consolidated claims administration proceeding were named plaintiffs in the case styled, "Ricky Arnold, et al. v. Pilgrim's Pride Corporation, et al." discussed above. On November 30, 2009, we filed objections to the proofs of claim. On August 2, 2010, we filed numerous motions for summary judgment requesting the Bankruptcy Court to dismiss each grower's causes of action against our Company. In response to the dispositive motions, the growers conceded that their numerous fraud and statutory claims lacked merit; consequently, those causes of action were dismissed with prejudice. The sole remaining cause of action alleged by the growers against us is promissory estoppel. The hearing on our motions for summary judgment with respect to the promissory estoppel claims occurred on October 19, 2010. On December 15, 2010, the Bankruptcy Court granted the Company's summary judgment motion on 106 of the 107 growers' promissory estoppel claims. The Company settled with the grower whose claims were not dismissed for an immaterial amount. The growers whose claims were dismissed appealed the decision to the District Court, which, on December 19, 2011, affirmed the Bankruptcy Court's decision. On January 17, 2012, the growers appealed the District Court's decision to the United States Fifth Circuit of Court of Appeals. The Company intends to defend vigorously against the merits of the growers' appeal. We express no opinion as to the likelihood of an unfavorable outcome or the amount or range of any possible loss to us.

Securities Litigation

On October 29, 2008, Ronald Acaldo filed suit in the U.S. District Court for the Eastern District of Texas, Marshall Division, against us and individual defendants Lonnie "Bo" Pilgrim, Lonnie Ken Pilgrim, J. Clinton Rivers, Richard A. Cogdill and Clifford E. Butler. The Complaint alleged that our Company and the individual defendants violated sections 10(b) and 20(a) of the Securities Exchange Act of 1934, as amended, and Rule 10b-5 promulgated thereunder.

On November 13, 2008, Chad Howes filed suit in the U.S. District Court for the Eastern District of Texas, Marshall Division, against us and individual defendants Lonnie "Bo" Pilgrim, Lonnie Ken Pilgrim, J. Clinton Rivers, Richard A. Cogdill and Clifford E. Butler. The allegations in the Howes Complaint are identical to those in the Acaldo Complaint, as are the class allegations and relief sought. The defendants were never served with the Howes Complaint.

On May 14, 2009, the Court consolidated the Acaldo and Howes cases and renamed the style of the case, "In re: Pilgrim's Pride Corporation Securities Litigation." On May 21, 2009, the Court granted the Pennsylvania Public Fund Group's Motion for Appointment of Lead Plaintiff. Thereafter, on June 26, 2009, the lead plaintiff filed a Consolidated (and amended) Complaint. The Consolidated Complaint dismissed the Company and Clifford E. Butler as Defendants. In addition, the Consolidated Complaint added the following directors as Defendants: Charles L. Black, Key Coker, Blake D. Lovette, Vance C. Miller, James G. Vetter, Jr., Donald L. Wass, Linda Chavez, and Keith W. Hughes. The Consolidated Complaint alleges four causes of action: violations of Sections 10(b) and 20(a) of the Securities and Exchange Act of 1934, as amended, and Rule 10b-5 promulgated thereunder solely against Lonnie "Bo" Pilgrim, Clint Rivers, and Richard A. Cogdill (the "Officer Defendants"). Those claims assert that, during the Class Period of May 5, 2008 through October 28, 2008, the defendants, through various financial statements, press releases and conference calls, made material misstatements of fact and/or omitted to disclose material facts by purportedly failing to completely impair the goodwill associated with the Gold Kist acquisition. The Consolidated Complaint also asserts claims under Section 11 of the Securities Act of 1933 against all defendants, asserting that, statements made in a registration statement in connection with the May 14, 2008 secondary offering of our common stock were materially false and misleading for their failure to completely impair the goodwill associated with the Gold Kist acquisition. Finally, the Consolidated Complaint asserts a violation of Section 15 of the Securities Act of 1933 against the Officer Defendants only, claiming that the Officer Defendants were controlling persons of the Company and the other defendants in connection with the Section 11 violation. By the Consolidated Complaint, the lead plaintiff seeks certification of the Class, undisclosed damages, and costs and attorneys' fees.

On July 27, 2009, defendants filed a Motion to Dismiss the Consolidated Complaint for its failure to adequately plead, as to the Sections 10(b) and 20(a) claims, scienter and loss causation and, as to the Sections 11 and 15 claims, for its failure to adequately plead misrepresentations and omissions. Defendants requested that the Consolidated Complaint be dismissed with prejudice.

On August 17, 2010, the Court issued its Memorandum Opinion and Order on the motion to dismiss, granting in part and denying in part, the defendants' motion. The Court dismissed without prejudice the plaintiffs' claims alleging securities fraud under Section 10(b) of the Exchange Act and Rule 10b-5 and for controlling person liability under Section 20(a) of the Exchange Act. The Court denied defendants' motion to dismiss with respect to the plaintiffs' claim for negligent misrepresentation under Section 11 of the Securities Act and for controlling person liability under Section 15 of the Securities Act. The plaintiffs were granted leave to amend their complaint but elected not to do so. The defendants filed their Original Answer to the Complaint on November 15, 2010.

On May 9, 2011, the Court issued an Order setting a class certification hearing for February 7, 2012 and ordering the parties to confer and file a Docket Control Order by May 26, 2011. Thereafter, as per the Court's Order, the parties negotiated a proposed Docket Control Order, which was signed by the Court on May 31, 2011.

The parties reached an agreement to settle this matter for \$1.5 million, which the Court approved on May 2, 2012. The case has been dismissed with prejudice in accordance with the terms of the settlement agreement.

ERISA Claims and Proceedings

On December 17, 2008, Kenneth Patterson filed suit in the U.S. District Court for the Eastern District of Texas, Marshall Division, against Lonnie "Bo" Pilgrim, Lonnie Ken Pilgrim, Clifford E. Butler, J. Clinton Rivers, Richard A. Cogdill, Renee N. DeBar, our Compensation Committee and other unnamed defendants (the "Patterson action"). On January 2, 2009, a nearly identical suit was filed by Denise M. Smalls in the same court against the same defendants (the "Smalls action"). The complaints in both actions, brought pursuant to section 502 of the Employee Retirement Income Security Act of 1974 ("ERISA"), 29 US C. § 1132, alleged that the individual defendants breached fiduciary duties to participants and beneficiaries of the Pilgrim's Pride Stock Investment Plan (the "Stock Plan"), as administered through the Pilgrim's Pride Retirement Savings Plan (the "RSP"), and the To-Ricos, Inc. Employee Savings and Retirement Plan (the "To-Ricos Plan") (collectively, the "Plans") by failing to sell the common stock held by the Plans before it declined in value in late 2008, based on factual allegations similar to the allegation made in the Acaldo securities case discussed above. Patterson and Smalls further alleged that they purported to represent a class of all persons or entities who were participants in or beneficiaries of the Plans at any time between May 5, 2008 through the present and whose accounts held our common stock or units in our common stock. Both complaints sought actual damages in the amount of any losses the Plans suffered, to be allocated among the participants' individual accounts as benefits due in proportion to the accounts' diminution in value, attorneys' fees, an order for equitable restitution and the imposition of constructive trust, and a declaration that each of the defendants have breached their fiduciary duties to the Plans' participants.

On July 20, 2009, the Court entered an order consolidating the Smalls and Patterson actions. On August 12, 2009, the Court ordered that the consolidated case will proceed under the caption "In re Pilgrim's Pride Stock Investment Plan ERISA Litigation, No. 2:08-cv-472-TJW."

Patterson and Smalls filed a consolidated amended complaint ("Amended Complaint") on March 2, 2010. The Amended Complaint names as defendants the Pilgrim's Pride Board of Directors, Lonnie "Bo" Pilgrim, Lonnie Ken Pilgrim, Charles L. Black, Linda Chavez, S. Key Coker, Keith W. Hughes, Blake D. Lovette, Vance C. Miller, James G. Vetter, Jr., Donald L. Wass, J. Clinton Rivers, Richard A. Cogdill, the Pilgrim's Pride Pension Committee, Robert A. Wright, Jane Brookshire, Renee N. DeBar, the Pilgrim's Pride Administrative Committee, Gerry Evenwel, Stacey Evans, Evelyn Boyden, and "John Does 1-10." The Amended Complaint purports to assert claims on behalf of persons who were participants in or beneficiaries of the RSP or the To-Ricos Plan at any time between January 29, 2008 through December 1, 2008 ("the alleged class period"), and whose accounts included investments in the Company's common stock.

Like the original Patterson and Smalls complaints, the Amended Complaint alleges that the defendants breached ERISA fiduciary duties to participants and beneficiaries of the RSP and To-Ricos Plan by permitting both Plans to continue investing in the Company's common stock during the alleged class period. The Amended Complaint also alleges that certain defendants were "appointing" fiduciaries who failed to monitor the performance of the defendant-fiduciaries they appointed. Further, the Amended Complaint alleges that all defendants are liable as co-fiduciaries for one another's alleged breaches. Plaintiffs seek actual damages in the amount of any losses the RSP and To-Ricos Plan attributable to the decline in the value of the common stock held by the Plans, to be allocated among the participants' individual accounts as benefits due in proportion to the accounts' alleged diminution in value, costs and attorneys' fees, an order for equitable restitution and the imposition of constructive trust, and a declaration that each of the defendants have breached their ERISA fiduciary duties to the RSP and To-Ricos Plan's participants.

The defendants filed a motion to dismiss the Amended Complaint on May 3, 2010. The plaintiffs responded to that motion on July 2, 2010, dropping plaintiff Smalls from the case and adding an additional plaintiff, Stanley Sylvestros. The defendants filed their reply in support of their motion to dismiss on August 2, 2010. The defendants files a notice of supplemental authority in support of their motion to dismiss on April 13, 2011, to which the plaintiffs responded on April 27, 2011. The plaintiffs in turn filed their own notice of supplement authority in opposition to the motion to dismiss on April 27, 2011, to which the defendants responded on May 10, 2011. The court has not yet ruled on the motion to dismiss.

Tax Claims and Proceedings

The United States Department of Treasury, Internal Revenue Service ("IRS") has filed an amended proof of claim in the Bankruptcy Court pursuant to which the IRS asserts claims that total \$74.7 million. We have filed in the Bankruptcy Court (i) an objection to the IRS' amended proof of claim and (ii) a motion requesting the Bankruptcy Court to determine our U.S. federal tax liability pursuant to Sections 105 and 505 of the Bankruptcy Code. The objection and motion assert that the Company has no liability for the additional U.S. federal taxes that have been asserted for pre-petition periods by the IRS. The IRS has responded in opposition to our objection and motion. On July 8, 2010, the Bankruptcy Court granted our unopposed motion requesting that the Bankruptcy Court abstain from determining our federal tax liability. As a result, we intend to work with the IRS through the normal processes and procedures that are available to all taxpayers outside of bankruptcy (including the United States Tax Court ("Tax Court") proceedings discussed below) to resolve the IRS' amended proof of claim.

In connection with the amended proof of claim, on May 26, 2010, we filed a petition in Tax Court in response to a Notice of Deficiency that was issued to the Company as the successor in interest to Gold Kist. The Notice of Deficiency and the Tax Court proceeding relate to a loss that Gold Kist claimed for its tax year ended June 30, 2004. The matter is currently in litigation before the Tax Court.

On August 10, 2010, we filed two petitions in Tax Court. The first petition relates to three Notices of Deficiency that were issued to us with respect to our 2003, 2005 and 2007 tax years. The second petition relates to a Notice of Deficiency that was issued to us with respect to Gold Kist's tax year ended June 30, 2005 and its short tax year ended September 30, 2005. Both cases are currently in litigation before the Tax Court.

We express no opinion as to the likelihood of an unfavorable outcome or the amount or range of any possible loss to us related to the above Tax Court cases. If adversely determined, the outcome could have a material effect on the Company's operating results and financial position.

The Notices of Deficiency and the Tax Court proceedings discussed above cover the same tax years and the same amounts that were asserted by the IRS in its \$74.7 million amended proof of claim that was filed in the Bankruptcy Court.

Other Claims and Proceedings

We are subject to various other legal proceedings and claims, which arise in the ordinary course of our business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect our financial condition, results of operations or cash flows.
