Dear Pilgrim's Pride Corporation Shareowner:

Support Shareowner Proposal #7 Requesting Majority Vote

We urge shareowners to support proposal #7 at the company's April 29, 2020 Annual General Meeting. As of record date March 10, 2020, CalPERS owned approximately 121,000 shares of Pilgrim's Pride Corporation common stock. As a long-term shareowner of the company we ask that you support our non-binding shareowner proposal requesting the Board of Directors amend the company's governing documents to allow for a majority voting standard in director elections, while retaining a plurality vote standard for contested director elections.

Majority Vote for Director Elections is Becoming Widely Accepted

Plurality voting is rapidly being replaced with majority voting in uncontested director elections as a growing number of large companies have adopted it as a corporate governance best practice. Approximately 88% of the companies in the S&P 500 and 51% of the companies in the Russell 3000 have adopted some form of majority voting – an indication of the current direction of good corporate governance.

A Plurality Vote Standard Disenfranchises Shareowners

CalPERS believes that a plurality voting standard effectively disenfranchises shareowners when directors run unopposed. Under the existing plurality standard, uncontested director nominees can be elected with a single "For" vote, leaving votes "Withheld" with no legal effect whatsoever. While under the CalPERS majority vote request, director nominees would need to be elected by the affirmative vote of a majority of shares represented and voting at a duly held meeting. Majority voting would give shareholders a meaningful voice in determining who will represent them on the board.

Support Proposal #7 requesting Majority Vote for Director Elections

We believe a majority vote standard is essential to a sustainable system of governance that fosters director accountability and long-term value creation. Fully accountable governance structures through the adoption of majority vote should be in place to offer shareowners a meaningful voice in the director election process. Please vote "FOR" shareowner proposal #7.
